

## 22 BODIES TAKEN FROM WRECK IN GERMANY

### 4 COACHES OF TRAIN ENTIRELY DEMOLISHED

52 PASSENGERS HURT IN ACCIDENT OF WESTPHALIA EXPRESS

MOST OF THOSE KILLED WERE MINERS AND STEEL WORKERS

(By United Press)  
Berlin, Jan. 13.—Twenty-two bodies were recovered today from the shattered wreckage of four coaches of an accommodation train, demolished in a collision with the Westphalia express at Herne.

Fifty others were hurt in the wreck, which occurred in a dense fog. Thirty-five of the hurt were in serious condition.

The express left Berlin shortly after midnight and the engineer did not see the signals of the local train, which was stationary.

Most of those killed were miners and steel workers traveling between Dortmund and Wanne in fourth class coaches in the rear of the accommodation train. The coaches of wood were splintered by the impact and railroad officials said identification of some of the mangled victims would be impossible.

The express locomotive and several cars were derailed and the train crew injured.

### SERIOUS COLLISION NEAR BRUSSELS

Brussels, Jan. 13.—Thirty-nine passengers were injured, three probably fatally, when a passenger train crashed into a freight at Langerbrugge, between Terneuzen and Ghent, late Monday. Fog obscured signals on the line.

### HEAVY FOG IN LONDON OVER 2 DAYS

London, Jan. 13.—The fog which paralyzed traffic and caused minor accidents, and scores of injuries in the southern part of England since Saturday night had virtually disappeared at 10 A. M. today.

### EVERY PERSON IN U. S. EATS HALF A HOG PER YEAR

(By United Press)  
Washington, Jan. 13.—One hog is slaughtered annually for every two persons in the United States.

Pork and pork products produced annually are valued at about \$700,000, wholesale, according to the census of manufacturers conducted by the Department of Commerce.

The tremendous extent of meat-producing in America was shown in the statement that the 1,397 packing plants in 1923 turned out \$2,585,803,888 worth of all kinds of meat.

Mr. Average Citizen's annual meat bill is \$22, at wholesale, disregarding the large amount of exported meats.

Production of all kinds of meat is rapidly increasing. The number of hogs slaughtered in 1923, 10,178,000, is an increase of 23 per cent over the number in 1921, when the last previous census was taken in this industry. The number of hogs killed was 57,018,000, an increase of 40 per cent.

The value of all meats and meat products was 17.5 per cent higher than the 1921 figure of \$2,200,942,000.

Wages paid out in the industry last year totalled \$167,569,106.

By-product fertilizers produced alone sold for more than \$10,000,000. Stock-feed and oleomargarine produced by the packing-houses each brought in \$10,000,000, while glue made from the horns and hoofs sold for nearly \$3,000,000.

The average beef, on the hoof weighed 951 pounds, a decrease of 30 pounds in two years. The average dressed weight was 506 pounds. The average hog weighed 222 pounds the same as in 1921, on the hoof, and 166 pounds when dressed, a decrease of three pounds.

## Serious Charge Made Against Christian Churches

### WOMAN PULLS BURGLAR ALARM, BRAVES BULLETS

(By United Press)  
Trenton, Mich., Jan. 13.—Police today were searching for seven bandits who late yesterday shot and seriously wounded Harry Roehrig in an unsuccessful attempt to rob the Trenton State bank here. Roehrig is assistant cashier.

Only the bravery of Miss Margaret McKenzie, bookkeeper, who pulled a burglar alarm in the face of a broadside of shots from the bandits that wounded Roehrig, saved the several thousand dollars in the bank vault.

### JONES PLAN IS ADOPTED BY SENATE

REFERS MUSCLE SHOALS PROBLEM TO AN EXPERT COMMISSION

WILL INVESTIGATE POWER SITUATION AND REPORT TO CONGRESS

(By United Press)  
Washington, Jan. 13.—The Jones plan for referring the Muscle Shoals problem to an expert commission was adopted today by the Senate. The vote was 46 to 33.

This definitely sidetracks the Underwood bill, which would have given the president an opportunity to lease the big \$150,000,000 government power project on the Tennessee River to private operators.

Under the Jones plan the commission, composed of the secretary of war, the secretary of agriculture and an expert to be named by the president will determine whether the government or private operation is most feasible and will report its recommendations to Congress when it convenes for its next regular session in December.

The Jones plan will now go to the House for action.

### SEC'Y OF LABOR DAVIS WILL NOT LEAVE CABINET

(By United Press)  
Washington, Jan. 13.—Secretary of Labor Davis will not leave the cabinet on March 4, it was said officially at the White House today.

Davis has arranged his personal affairs so that he may continue as head of the labor department and has withdrawn his reported resignation, it was said.

### HUGHES FOREIGN POLICIES TO BE MUCH ENLARGED

NEW DEVELOPMENTS IN FOREIGN SITUATION

SPOKESMAN FOR PRESIDENT COOLIDGE VOICES VIEWS

(By United Press)  
Washington, Jan. 13.—Enlargement and development of Secretary of State Hughes' foreign policies will be undertaken by the next administration to meet new developments in the foreign situation, a spokesman for President Coolidge said today.

No basic changes in the policies, however, are contemplated. In relation to the Russian situation, it was pointed out that the Russian people have made progress since 1923 when the president fully stated his attitude on the subject of recognition. Mr. Coolidge was described as hopeful that the Russian situation will develop more rapidly in the future.

### BLINDNESS IS CURED BY PSYCHIC TREATMENT, STATED

FAILURE OF SIGHT DIAGNOSED AS DUE TO A SHOCK

THERAPEUTIC SUGGESTION HAS SOLVED THE MALADY

(By United Press)  
St. Paul, Jan. 13.—Blindness caused by two blows on the head during a football game last October was cured by psychic treatment at a hospital here.

Louis Neumann, 22, a high school boy of Bemidji, can see again as well as anybody.

He was totally blind, according to the oculist and physicians who attended him. Following a second blow on the head in a game with the Crookston team Neumann was lead from the field unable to distinguish bright light from darkness.

An oculist became convinced that his case was psychic. It was due to shock and resulted from disassociation of mind and sight. Two specialists in neurology and psychiatry agreed with the oculist. The affection is known technically as hemionopsia.

Subconsciously the boy could see. He walked around a scrub pail in the hospital hall, although he could not see it consciously. His first treatment was the definite fixing in his mind of the thought that he would soon be able to see. His doctors convinced him that he could be cured. Therapeutic suggestion worked upon him. He was told that his sight would be completely recovered in a few days.

Awakening from a nap five days ago the boy said he saw a light shining through a window. Convinced that it was a light, he was happy, and thereafter he saw everything. He is psychically normal again, although he is still under observation for a time.

### HERRIOT REGIME UNDER FIRE ON ALL SIDES TODAY

FRENCH PARLIAMENT BEGINS ITS 1925 SESSION

OPPOSITION MASSES TO OVERTHROW PREMIER HERRIOT

(By United Press)  
Paris, Jan. 13.—The Herriot government came under fire from all sides today as parliament began its 1925 session.

The opposition was massed in an effort to overthrow Herriot, who is safe, however, as long as the solid backing of 300 in the chamber of deputies holds together.

Attacks on the government are concentrated on the premier's ill health, the rising cost of living, the fall of prices of French securities, and Herriot's Russian policy.

The first business before the chamber of deputies was election of Rene Painleve as president of the chamber. This disposed of the way was cleared for what observers believed will be one of the bitterest fights ever launched against a French government.

### HOUGHTON IS SATISFACTORY, SAYS BRITAIN

London, Jan. 13.—Great Britain has notified the United States that Alanson B. Houghton, present United States envoy to Berlin, is persona grata with the government here and acceptable as future ambassador to the court of St. James, succeeding Frank B. Kellogg, who will retire to become secretary of state.

### BETTER RELATIONS WITH SOVIET RUSSIA TO BE DISCUSSED

(By United Press)  
Washington, Jan. 13.—Appointment of a commission to discuss better relations with Soviet Russia is one of the features of the foreign policy which President Coolidge is preparing to further upon the retirement of Secretary of State Hughes and the advancement of Ambassador Frank B. Kellogg to the state department.

Other salient points on the president's program include another Washington arms conference, adherence to the world court with reservations, and increased financial participation in Europe and Latin America without political commitments.

A Russian recognition commission, it is understood, may be appointed by the president after Congress adjourns.

### U. S. SUB. S-19 WITH CREW OF 38 GROUNDED ON BAR

LOCATED SEVEN MILES NORTH OF CHATHAM, MASS.

S. O. S. SIGNAL PICKED UP BY CHATHAM RADIO STATION

(By United Press)  
Chatham, Mass., Jan. 13.—The United States submarine S-19, with an estimated crew of 38 men aboard, is grounded on a sand bar seven miles north of here, according to an SOS picked up by the Chatham radio station at 4:30 a. m. today.

The location of the submarine was described as five miles south of Nauset Beach light.

Coast guard cutter Acushnet, stationed at Wood's Hole, Mass., and the Tampa, out of Boston, have been ordered to the assistance of the stranded submarine.

It was understood the S-19 grounded on the sand bar during a heavy fog and high wind last night and that her position offshore was somewhat obscured by heavy fog.

The submarine reported being about two-thirds submerged.

### STILL FAST ON BAR, 7 HOURS AFTER GROUNDING

Chatham, Mass., Jan. 13.—Seven hours after grounding early today on a submerged sand bar at the eastern extremity of Cape Cod, the United States submarine S-19, with 46 men aboard, was reported still fast with waves breaking over her entire length.

Life saving crews from Nauset Beach station close by made several heroic but futile efforts to reach the stranded submarine from shore but on every attempt were driven back when their boats were overturned by the high riding surf. On the final attempt to reach the S-19 several of the life savers were hauled from the surf exhausted, according to reports reaching the Chatham radio station.

Coast guard cutters from Woods Hole, Mass., and from Boston were expected to reach the S-19 some time after noon today, in an effort to haul her free. High tides failed to dislodge her.

The crew, commanded by Lieut. Commander C. F. Martin, was reported safely below decks with all hatches battened. Occasionally as the waves permitted a member of the crew made his way on deck and waved a message ashore. Absence of radio communication was taken to mean the submarine was saving its batteries.

St. Paul, Jan. 13.—Coffee for breakfast, boiling over, extinguished gas at 912 Margaret St. early yesterday and caused partial suffocation of Mrs. William Haberman.

She was recovering at Ancker hospital today.

### FARMER-LABOR MEN ARE FARING BETTER IN SENATE

GAIN ONE CHAIRMANSHIP WHILE THEY LOST TWO IN THE HOUSE

SEN. ROSENMEIER HEADS POWERFUL RULES COMMITTEE

(By United Press)  
St. Paul, Jan. 13.—Farmer-laborites fared better in the selection of state senate committees today than they did in the house.

They gained one chairmanship in the senate, while in the house they lost two. Lieutenant-Governor W. I. Nolan announced the Senate committees today. John A. Johnson, speaker of the house, announced house committees late yesterday.

In the 1923 legislative session farmer-laborites had three chairmen on house committees and two in the senate. Now they have one in the house and three in the senate.

Only eight changes out of a possible 32 were made by the lieutenant-governor in placing senate chairmen, leaving committee heads substantially as they were in the last session.

He also named four additional committees, making a total of 36 to conform to those in the house.

Senator C. Rosenmeier, Little Falls, became head of the most powerful committee in the Senate—the rules committee. He was replaced as head of the committee on banks and banking by Senator J. A. Cashel.

### SENATE PASSES ITS FIRST BILL

St. Paul, Jan. 13.—The state senate passed its first 1925 bill today under suspension of the rules.

It authorizes payment of salaries to Beltrami county commissioners who have been unsalaried for two years.

A bill presented at the last session of the legislature authorizing payment was invalidated because of the technicalities.

### OUSTER SUIT AGAINST KANSAS BANK COMMISSIONER

EXPECTED TO BE NEXT STEP IN INVESTIGATION OF SALE PARDONS

ATTORNEY-GENERAL OF KANSAS HAS ASKED COMMISSIONER TO RESIGN

(By United Press)  
Topeka, Kans., Jan. 13.—The filing of an ouster suit today to remove Carl J. Peterson, Kansas state banking commissioner, from office, is expected to be the next step in the investigation of the sale of pardons and paroles that yesterday resulted in the arrest of Governor Jonathan M. Davis and his son.

C. B. Griffith, attorney-general, late yesterday asked the commissioner to resign and when he refused Griffith said ouster proceedings would be filed today.

The demand that the commissioner resign was made following the presenting of a sworn statement to Attorney General Griffith by A. L. Oswald, Hutchinson, Kansas, lawyer, in which he said that Peterson demanded \$4,000 for the parole of Walter S. Grundy. He stated that there was considerable price dickering, and that Grundy was finally released after payment of \$2,500.

Peterson denied the charges and said he would welcome the ouster suit, expected to be filed today. He said it would give him an opportunity "to tell a whole lot."

Hand-holding doesn't appeal to the modern woman unless it's the whip hand.—Dubuque American Tribune.

### BUSHWHACKERS OF CHINESE ARMY TERRORIZE COUNTRY

(By United Press)  
Shanghai, Jan. 13.—Bands of defeated soldiers driven from Shanghai in the successful coup of Marshal Chi Hsieh Yuan, were terrorizing the countryside today, but fighting in the city had ceased and the situation was easier.

Foreign volunteers who were mobilized to guard the French and international settlements disbanded.

Four thousand defeated Hu Peh soldiers have been interned there pending arrangements to dispose of them.

Chi Hsieh Yuan and his allies are in complete control of the native city.

### NO EXTRA SESSION OF CONGRESS

FARM RELIEF LEGISLATION IS BEING CONSIDERED

RECOMMENDED BY A SPECIAL FARM INVESTIGATING COMMISSION

(By United Press)  
Washington, Jan. 13.—No extra session of Congress will be necessary to pass the farm relief legislation required by the recommendation of President Coolidge's special farm investigating commission, it was stated at the White House today.

Without forecasting the precise nature of his recommendations a spokesman for the president said it was believed they would be generally acceptable and that the necessary legislation could be quickly put through the present session of Congress.

Today's White House statement followed an appeal by Senator Borah yesterday on the floor of the Senate for an extra session of Congress to consider farm relief measures.

### KELLOGG AND CHURCHILL IN FINAL AGREEMENT

(By United Press)  
Paris, Jan. 13.—Ambassador Frank B. Kellogg and Winston Churchill, spokesmen for the United States and Great Britain respectively, announced late this afternoon that "everything has been agreed upon" by the leading powers in the finance ministers' conference and that it is hoped that a final session will complete the conference tomorrow.

### 20 LIQUOR LAW VIOLATORS PLEAD GUILTY IN DULUTH

USUAL FINES AND SENTENCES IMPOSED BY JUDGE CANT

NO GRAND JURY TO BE CALLED AT THIS SESSION OF FEDERAL COURT

(By United Press)  
Duluth, Minn., Jan. 13.—Twenty violators of liquor laws pleaded guilty before Judge W. A. Cant at the opening of the winter term of Federal court here today. They received the usual fines and sentences.

There are 92 liquor cases on the calendar and a number of civil cases. No grand jury will be called at this session of Federal court, it was announced. The district attorney has been ordered to file information in order to save the expense of a grand jury. A petit jury will try the cases later.

### "CHECK PROGRESS OF CIVILIZATION," SAYS BISHOP BROWN

SENSATIONAL DECLARATION IS HURLED AT EPISCOPAL ECCLESIASTICAL COURT

LATER HEARING BISHOP'S APPEAL FROM CONVICTION OF HERESY

(By United Press)  
Cleveland, O., Jan. 13.—The astounding charge that Christian churches for nearly a thousand years held up the progress of civilization was made today by Bishop William Montgomery Brown before the review court of the Protestant Episcopal church in Trinity Cathedral here.

This sensational declaration was hurled in the very faces of the eight prelates constituting the highest ecclesiastical court of the Episcopal church hearing Bishop Brown's appeal from conviction of heresy here last May 31.

"Education was given to the Christian churches as their task but they kept the masses in ignorance, obstructed the creations of national education in every country and held up civilization for nearly a thousand years," the aged bishop declared.

This bombshell overshadowed Brown's technical appeal that the heresy court had failed to define the doctrines he was convicted of abusing.

The prelate's attack on the church was given in justification of an excerpt from his book "Communism and Christianity," published in 1920 which resulted in his conviction of heresy. The book denied existence of a personal God, expressed disbelief in the Virgin birth of Christ, the resurrection, the story of Adam and advocated a symbolic interpretation of the bible.

"Clergy purporting to represent the Holy Ghost always have kept the mass of people in ignorance," he said.

"During centuries of civilized history the priests kept all higher knowledge to themselves and left the mass in dense ignorance to the material profit of kings, nobles and priests. When we see what a beneficial revolution this long delayed education of the people has wrought in our time none can wonder at the severity with which we as clergy and church are judged."

"All economists attribute the progress of the last hundred years to general education which was held up by the churches, until the state took over the school system."

"Why did the churches hold back education? Because knowledge lessened belief in the super-natural creeds."

"In the last half century the influence of church has diminished and there has been a material improvement of economic and moral conditions."

"The increasing assuagement of our economic and moral misery must be expected from the human machinery we have set up rather than super-natural ideas."

"Men must look to human agencies for further uplifting. Knowledge has triumphed; the religion which opposed it has decayed; and the world is immeasurably improved," Brown said.

Launching into his appeal from conviction of heresy the 65-year-old prelate affirmed:

"I plead that we now live in a new age, an age of science and freedom."

"I plead it is now impossible for any properly instructed person to accept the super-naturalism of the traditional Christian orthodoxy unless interpreted symbolically."

"I accept all the ancient creeds of our church if I may interpret them symbolically. What I am seeking is a courageous recognition by the church that no limits to human thinking can be set down—that I may interpret the bible symbolically and that others in our church may also do so without facing a heresy court."

He warned the court:

## 22 BODIES TAKEN FROM WRECK IN GERMANY

### 4 COACHES OF TRAIN ENTIRELY DEMOLISHED

52 PASSENGERS HURT IN ACCIDENT OF WESTPHALIA EXPRESS

MOST OF THOSE KILLED WERE MINERS AND STEEL WORKERS

(By United Press)  
Berlin, Jan. 13.—Twenty-two bodies were recovered today from the shattered wreckage of four coaches of an accommodation train, demolished in a collision with the Westphalia express at Herne.

Fifty others were hurt in the wreck, which occurred in a dense fog. Thirty-five of the hurt were in serious condition.

The express left Berlin shortly after midnight and the engineer did not see the signals of the local train, which was stationary.

Most of those killed were miners and steel workers traveling between Dortmund and Wanne in fourth class coaches in the rear of the accommodation train. The coaches of wood were splintered by the impact and railroad officials said identification of some of the mangled victims would be impossible.

The express locomotive and several cars were derailed and the train crew injured.

### SERIOUS COLLISION NEAR BRUSSELS

Brussels, Jan. 13.—Thirty-nine passengers were injured, three probably fatally, when a passenger train crashed into a freight at Langerbrugge, between Terneuzen and Ghent, late Monday. Fog obscured signals on the line.

### HEAVY FOG IN LONDON OVER 2 DAYS

London, Jan. 13.—The fog which paralyzed traffic and caused minor accidents, and scores of injuries in the southern part of England since Saturday night had virtually disappeared at 10 A. M. today.

### EVERY PERSON IN U. S. EATS HALF A HOG PER YEAR

(By United Press)  
Washington, Jan. 13.—One hog is slaughtered annually for every two persons in the United States.

Pork and pork products produced annually are valued at about \$700,000, wholesale, according to the census of manufacturers conducted by the Department of Commerce.

The tremendous extent of meat-producing in America was shown in the statement that the 1,397 packing plants in 1923 turned out \$2,585,803,888 worth of all kinds of meat.

Mr. Average Citizen's annual meat bill is \$22, at wholesale, disregarding the large amount of exported meats.

Production of all kinds of meat is rapidly increasing. The number of hogs slaughtered in 1923, 10,178,000, is an increase of 23 per cent over the number in 1921, when the last previous census was taken in this industry. The number of hogs killed was 57,018,000, an increase of 40 per cent.

The value of all meats and meat products was 17.5 per cent higher than the 1921 figure of \$2,200,942,000.

Wages paid out in the industry last year totalled \$167,569,106.

By-product fertilizers produced alone sold for more than \$10,000,000. Stock-feed and oleomargarine produced by the packing-houses each brought in \$10,000,000, while glue made from the horns and hoofs sold for nearly \$3,000,000.

The average beef, on the hoof weighed 951 pounds, a decrease of 30 pounds in two years. The average dressed weight was 506 pounds.

The average hog weighed 222 pounds the same as in 1921, on the hoof, and 166 pounds when dressed, a decrease of three pounds.

## Serious Charge Made Against Christian Churches

### WOMAN PULLS BURGLAR ALARM, BRAVES BULLETS

(By United Press)  
Trenton, Mich., Jan. 13.—Police today were searching for seven bandits who late yesterday shot and seriously wounded Harry Roehrig in an unsuccessful attempt to rob the Trenton State bank here. Roehrig is assistant cashier.

Only the bravery of Miss Margaret McKenzie, bookkeeper, who pulled a burglar alarm in the face of a broadside of shots from the bandits that wounded Roehrig, saved the several thousand dollars in the bank vault.

### JONES PLAN IS ADOPTED BY SENATE

REFERS MUSCLE SHOALS PROBLEM TO AN EXPERT COMMISSION

WILL INVESTIGATE POWER SITUATION AND REPORT TO CONGRESS

(By United Press)  
Washington, Jan. 13.—The Jones plan for referring the Muscle Shoals problem to an expert commission was adopted today by the Senate. The vote was 46 to 33.

This definitely sidetracks the Underwood bill, which would have given the president an opportunity to lease the big \$150,000,000 government power project on the Tennessee River to private operators.

Under the Jones plan the commission, composed of the secretary of war, the secretary of agriculture and an expert to be named by the president will determine whether the government or private operation is most feasible and will report its recommendations to Congress when it convenes for its next regular session in December.

The Jones plan will now go to the House for action.

### SEC'Y OF LABOR DAVIS WILL NOT LEAVE CABINET

(By United Press)  
Washington, Jan. 13.—Secretary of Labor Davis will not leave the cabinet on March 4, it was said officially at the White House today.

Davis has arranged his personal affairs so that he may continue as head of the labor department and has withdrawn his reported resignation, it was said.

### HUGHES FOREIGN POLICIES TO BE MUCH ENLARGED

NEW DEVELOPMENTS IN FOREIGN SITUATION

SPOKESMAN FOR PRESIDENT COOLIDGE VOICES VIEWS

(By United Press)  
Washington, Jan. 13.—Enlargement and development of Secretary of State Hughes' foreign policies will be undertaken by the next administration to meet new developments in the foreign situation, a spokesman for President Coolidge said today.

No basic changes in the policies, however, are contemplated. In relation to the Russian situation, it was pointed out that the Russian people have made progress since 1923 when the president fully stated his attitude on the subject of recognition. Mr. Coolidge was described as hopeful that the Russian situation will develop more rapidly in the future.

### BLINDNESS IS CURED BY PSYCHIC TREATMENT, STATED

FAILURE OF SIGHT DIAGNOSED AS DUE TO A SHOCK

THERAPEUTIC SUGGESTION HAS SOLVED THE MALADY

(By United Press)  
St. Paul, Jan. 13.—Blindness caused by two blows on the head during a football game last October was cured by psychic treatment at a hospital here.

Louis Neumann, 22, a high school boy of Bemidji, can see again as well as anybody.

He was totally blind, according to the oculist and physicians who attended him. Following a second blow on the head in a game with the Crookston team Neumann was lead from the field unable to distinguish bright light from darkness.

### BETTER RELATIONS WITH SOVIET RUSSIA TO BE DISCUSSED

(By United Press)  
Washington, Jan. 13.—Appointment of a commission to discuss better relations with Soviet Russia is one of the features of the foreign policy which President Coolidge is preparing to further upon the retirement of Secretary of State Hughes and the advancement of Ambassador Frank B. Kellogg to the state department.

Other salient points on the president's program include another Washington arms conference, adherence to the world court with reservations, and increased financial participation in Europe and Latin America without political commitments.

A Russian recognition commission, it is understood, may be appointed by the president after Congress adjourns.

### U. S. SUB. S-19 WITH CREW OF 38 GROUNDED ON BAR

LOCATED SEVEN MILES NORTH OF CHATHAM, MASS.

S. O. S. SIGNAL PICKED UP BY CHATHAM RADIO STATION

(By United Press)  
Chatham, Mass., Jan. 13.—The United States submarine S-19, with an estimated crew of 38 men aboard, is grounded on a sand bar seven miles north of here, according to an SOS picked up by the Chatham radio station at 4:30 a. m. today.

The location of the submarine was described as five miles south of Nauset Beach light.

Coast guard cutter Acushnet, stationed at Woods Hole, Mass., and the Tampa, out of Boston, have been ordered to the assistance of the stranded submarine.

It was understood the S-19 grounded on the sand bar during a heavy fog and high wind last night and that her position offshore was somewhat obscured by heavy fog.

The submarine reported being about two-thirds submerged.

STILL FAST ON BAR, 7 HOURS AFTER GROUNDING

Chatham, Mass., Jan. 13.—Seven hours after grounding early today on a submerged sand bar at the eastern extremity of Cape Cod, the United States submarine S-19, with 46 men aboard, was reported still fast with waves breaking over her entire length.

Life saving crews from Nauset Beach station close by made several heroic but futile efforts to reach the stranded submarine from shore but on every attempt were driven back when their boats were overturned by the high riding surf. On the final attempt to reach the S-19 several of the life savers were hauled from the surf exhausted, according to reports reaching the Chatham radio station.

Coast guard cutters from Woods Hole, Mass., and from Boston were expected to reach the S-19 some time after noon today, in an effort to haul her free. High tides failed to dislodge her.

The crew, commanded by Lieut. Commander C. F. Martin, was reported safely below decks with all hatches battened. Occasionally as the waves permitted a member of the crew made his way on deck and wiggled a message ashore. Absence of radio communication was taken to mean the submarine was saving its batteries.

St. Paul, Jan. 13.—Coffee for breakfast, boiling over, extinguished gas at 912 Margaret St. early yesterday and caused partial suffocation of Mrs. William Haberman.

She was recovering at Ancker hospital today.

### FARMER-LABOR MEN ARE FARING BETTER IN SENATE

GAIN ONE CHAIRMANSHIP WHILE THEY LOST TWO IN THE HOUSE

SEN. ROSENMEIER HEADS POWERFUL RULES COMMITTEE

(By United Press)  
St. Paul, Jan. 13.—Farmer-laborites fared better in the selection of state senate committees today than they did in the house.

They gained one chairmanship in the senate, while in the house they lost two. Lieutenant-Governor W. I. Nolan announced the Senate committees today. John A. Johnson, speaker of the house, announced house committees late yesterday.

In the 1923 legislative session farmer-laborites had three chairmen on house committees and two in the senate. Now they have one in the house and three in the senate.

Only eight changes out of a possible 32 were made by the lieutenant-governor in placing senate chairmen, leaving committee heads substantially as they were in the last session.

He also named four additional committees, making a total of 36 to conform to those in the house.

Senator C. Rosenmeier, Little Falls, became head of the most powerful committee in the Senate—the rules committee. He was replaced as head of the committee on banks and banking by Senator J. A. Cashel.

### SENATE PASSES ITS FIRST BILL

St. Paul, Jan. 13.—The state senate passed its first 1925 bill today under suspension of the rules.

It authorizes payment of salaries to Beltrami county commissioners who have been unsalaried for two years.

A bill presented at the last session of the legislature authorizing payment was invalidated because of the technicalities.

### OUSTER SUIT AGAINST KANSAS BANK COMMISSIONER

EXPECTED TO BE NEXT STEP IN INVESTIGATION OF SALE PARDONS

ATTORNEY-GENERAL OF KANSAS HAS ASKED COMMISSIONER TO RESIGN

(By United Press)  
Topeka, Kans., Jan. 13.—The filing of an ouster suit today to remove Carl J. Peterson, Kansas state banking commissioner, from office, is expected to be the next step in the investigation of the sale of pardons and paroles that yesterday resulted in the arrest of Governor Jonathan M. Davis and his son.

C. B. Griffith, attorney-general, late yesterday asked the commissioner to resign and when he refused Griffith said ouster proceedings would be filed today.

The demand that the commissioner resign was made following the presenting of a sworn statement to Attorney General Griffith by A. L. Oswald, Hutchinson, Kansas, lawyer, in which he said that Peterson demanded \$4,000 for the parole of Walter S. Grundy. He stated that there was considerable price dickering, and that Grundy was finally released after payment of \$2,500.

Peterson denied the charges and said he would welcome the ouster suit, expected to be filed today. He said it would give him an opportunity "to tell a whole lot."

Hand-holding doesn't appeal to the modern woman unless it's the whip hand.—Dubuque American Tribune.

### BUSHWHACKERS OF CHINESE ARMY TERRORIZE COUNTRY

(By United Press)  
Shanghai, Jan. 13.—Bands of defeated soldiers driven from Shanghai in the successful coup of Marshal Chi Hsieh Yuan, were terrorizing the countryside today, but fighting in the city had ceased and the situation was easier.

Foreign volunteers who were mobilized to guard the French and international settlements disbanded.

Four thousand defeated Hu Peh soldiers have been interned there pending arrangements to dispose of them.

Chi Hsieh Yuan and his allies are in complete control of the native city.

### NO EXTRA SESSION OF CONGRESS

FARM RELIEF LEGISLATION IS BEING CONSIDERED

RECOMMENDED BY A SPECIAL FARM INVESTIGATING COMMISSION

(By United Press)  
Washington, Jan. 13.—No extra session of Congress will be necessary to pass the farm relief legislation required by the recommendation of President Coolidge's special farm investigating commission, it was stated at the White House today.

Without forecasting the precise nature of his recommendations a spokesman for the president said it was believed they would be generally acceptable and that the necessary legislation could be quickly put through the present session of Congress.

Today's White House statement followed an appeal by Senator Borah yesterday on the floor of the Senate for an extra session of Congress to consider farm relief measures.

### KELLOGG AND CHURCHILL IN FINAL AGREEMENT

(By United Press)  
Paris, Jan. 13.—Ambassador Frank B. Kellogg and Winston Churchill, spokesmen for the United States and Great Britain respectively, announced late this afternoon that "everything has been agreed upon" by the leading powers in the finance ministers' conference and that it is hoped that a final session will complete the conference tomorrow.

### 20 LIQUOR LAW VIOLATORS PLEAD GUILTY IN DULUTH

USUAL FINES AND SENTENCES IMPOSED BY JUDGE CANT

NO GRAND JURY TO BE CALLED AT THIS SESSION OF FEDERAL COURT

(By United Press)  
Duluth, Minn., Jan. 13.—Twenty violators of liquor laws pleaded guilty before Judge W. A. Cant at the opening of the winter term of Federal court here today. They received the usual fines and sentences.

There are 92 liquor cases on the calendar and a number of civil cases. No grand jury will be called at this session of Federal court, it was announced. The district attorney has been ordered to file informations in order to save the expense of a grand jury. A petit jury will try the cases later.

### "CHECK PROGRESS OF CIVILIZATION," SAYS BISHOP BROWN

SENSATIONAL DECLARATION IS HURLED AT EPISCOPAL EC-CLESIASTICAL COURT

LATTER HEARING BISHOP'S APPEAL FROM CONVICTION OF HERESY

(By United Press)  
Cleveland, O., Jan. 13.—The astounding charge that Christian churches for nearly a thousand years held up the progress of civilization was made today by Bishop William Montgomery Brown before the review court of the Protestant Episcopal church in Trinity Cathedral here.

This sensational declaration was hurled in the very faces of the eight prelates constituting the highest ecclesiastical court of the Episcopal church hearing Bishop Brown's appeal from conviction of heresy here last May 31.

"Education was given to the Christian churches as their task but they kept the masses in ignorance, obstructed the creations of national education in every country and held up civilization for nearly a thousand years," the aged bishop declared.

This bombshell overshadowed Brown's technical appeal that the heresy court had failed to define the doctrines he was convicted of abusing.

The prelate's attack on the church was given in justification of an excerpt from his book "Communism and Christianity," published in 1920 which resulted in his conviction of heresy. The book denied existence of a personal God, expressed disbelief in the Virgin birth of Christ, the resurrection, the story of Adam and advocated a symbolic interpretation of the bible.

"Clergy purporting to represent the Holy Ghost always have kept the mass of people in ignorance," he said.

"During centuries of civilized history the priests kept all higher knowledge to themselves and left the mass in dense ignorance to the material profit of kings, nobles and priests. When we see what a beneficial revolution this long delayed education of the people has wrought in our time none can wonder at the severity with which we as clergy and church are judged."

"All economists attribute the progress of the last hundred years to general education which was held up by the churches, until the state took over the school system."

"Why did the churches hold back education? Because knowledge lessened belief in the super-natural creeds."

"In the last half century the influence of churches has diminished and there has been a material improvement of economic and moral conditions."

"The increasing assuagement of our economic and moral misery must be expected from the human machinery we have set up rather than super-natural ideas."

"Men must look to human agencies for further uplifting."

"Knowledge has triumphed; the religion which opposed it has decayed; and the world is immeasurably improved," Brown said.

Launching into his appeal from conviction of heresy the 65-year-old prelate affirmed:

"I plead that we now live in a new age, an age of science and freedom."

"I plead it is now impossible for any properly instructed person to accept the super-naturalism of the traditional Christian orthodoxy unless interpreted symbolically."

"I accept all the ancient creeds of our church if I may interpret them symbolically."

"What I am seeking is a courageous recognition by the church that no limits to human thinking can be set down—that I may interpret the bible symbolically and that others in our church may also do so without facing a heresy court."

He warned the court:

## GET SMOKED GLASS TO SEE THE ECLIPSE

Minneapolis Journal: Small squares of smoked glass or pieces of exposed film will be in popular demand for an hour and a half the forenoon of January 24 in Minneapolis, when the city forgets to go to work for a little while in order to watch 96 per cent of a solar eclipse.

It will be a dark day—like the period before sunrise or when clouds and mist weight down heavily over the city. And only a slice of the sun will be visible until the eclipse is over shortly after 9 a. m.

Minneapolis observations of the eclipse will be amateur observations. Scientists will be in northern Minnesota, where the eclipse will be total, with telescopes, photographic apparatus and the rest of an astronomer's equipment. University of Minnesota scientists will emphasize two things in their study of the eclipse:

Photographs of the corona, which is apparent about the sun when the moon is between the sun and earth, and is an unexplained phenomenon.

Exact records of the time of beginning and ending of the eclipse.

But in Minneapolis there will be the layman's viewpoint, the amateur's observations, as to how the corona appears to the eye, the nature of flames which shoot out from the sun, and the time, as to whether it varies from its schedule. The sun is due to rise at 7:42 a. m., and will be partially eclipsed at the time. The eclipse will be at its maximum, 96 per cent here, at 7:58 a. m., then will recede until the shadow disappears at 9:06 a. m.

For amateur observation there should be a clear, unobstructed view to the southeast where neither buildings, trees nor smoke will interfere, and the observer should have either a piece of smoked glass or a piece of film which has been exposed to the sun and then developed.

Among the more curious solutions of New York's appalling traffic problem is the proposal to build a new 88-story skyscraper downtown.—Detroit News.

## 300 PATIENTS SAVED FROM FIRE

ST. LUKE'S HOSPITAL, TOKIO, FALLS PREY TO FLAMES

(By United Press) Tokyo, Jan. 13.—Three hundred patients, including Lieut. Warren Clear of the American embassy staff and 30 other foreigners, were saved today when fire swept through the temporary wooden structure of St. Luke's hospital. First reports were that there were no casualties.

The original hospital was destroyed in the earthquake.

## BROUGHT THE PATROL WAGON, NOT A BIBLE

(By United Press) Chicago, Jan. 13.—Donald McClough, 23, embryo thug, is convinced you can't trust a woman.

McClough, brandishing a shiny, new gun, confronted Lillian Johnson, 26, stenographer, in front of her apartment here as she was returning from work, and demanded her purse.

"If you need it worse than I do, take it," Lillian told the bandit, explaining that her mother had died that day, and she needed the money for a funeral. McClough declined the purse.

"Give me your gun," she commanded. "I think I can save you from a life of crime." He handed over the weapon.

"Wait here," she directed. "I'm going in the house and bring you a Bible. I know you'll go straight then."

McClough waited. Fifteen minutes later, the patrol wagon pulled up to the curb and took him away.

McClough was a farm hand working near Elmhurst, Ill., before he took up his latest profession.

A nice mixture of metaphor and ornithology occurs when the lame duck sings his swan song.—Arkansas Gazette.

An era of prosperity is one in which people go in debt for things they don't need.—St. Joseph News Press.

# NEW OFFICERS OF CHAMBER COMMERCE

In Company With Directors Will Assume Their Duties on Wednesday

## ANNUAL REPORTS FILED

Will Prove of Genuine Interest, Work Done of Value to Community

The regular meeting of the Chamber of Commerce will be held on Wednesday evening, at which time the newly elected officers and the new board of directors will assume their duties.

The officers, who so successfully piloted the chamber through the year just closed were re-elected for the coming year, and it is expected that this will prove to be as profitable a season as last, which was one of the outstanding years in the history of the association in point of accomplishments.

The annual reports of all standing committees will be submitted at Wednesday evening's meeting. These reports will prove of genuine interest to all, for the committees have worked hard and have something of real value to show for their labors.

The special committee, appointed by President F. H. Gruenhagen to look into the matter of bringing a harvester machine manufacturing plant to Brainerd, will be ready to report on Wednesday night. This committee has visited Little Falls, where the plant is now located, and has made a careful study of the situation, so that a comprehensive report can be expected.

This harvester machine is said to be a combination harvesting and threshing machine, doing both in one operation as it passes through the field in which it is cutting the grain. It is claimed that the invention has several new features which recommended it very highly, and eliminates a number of unsatisfactory points of similar machines that have been placed on the market in the past.

All members of the Chamber are urged to be present on Wednesday evening and to assist in starting the new year in a manner that will be of benefit throughout the coming twelve months.

## MISSIONARY SOCIETY

Congregational Organization Elects Mrs. E. P. Slipp President

The annual meeting of the missionary society of the First Congregational church held on Friday afternoon at the office of Mrs. Irma C. Hartley in the court house, shows the re-election of officers for the coming year to be as follows:

President—Mrs. E. P. Slipp.  
Vice President—Mrs. John F. Woodhead.

Secretary—Mrs. Robert F. Duerr.  
Mrs. Duerr is also filling the office of treasurer, in the absence of Miss May Whitely.

The study period was employed in taking up the subject, "The Harvest," from Ming-Kwong, and introduced and led by Mrs. Harry Wilson, who called attention to the missionary message, "Put ye in the sickle, for the harvest is ripe." Mrs. Wilson noted that from 1807 to 1877, 473 missionaries were stationed in China proper and of that number, 126 were present at the first missionary conference in China, held at Shanghai, in 1877.

The discussions of the conference were taken up by the members present, bringing out the successes, failures, and growth of Christianity, which in many places had come to be known as the "Not-to-be-knocked-down doctrine."

The program closed with an address on "Rising Hate," by Mrs. Hartley, which showed trouble breaking out in Chungking, in the province of Szechuan, in 1886, when missionary buildings were looted and burned and the missionaries taken captive and shut up in the yamen for 16 days, after which they were stealthily conducted through the streets of the city, put on small boats and left to make their way down the Yangtze river.

That the effort to close the door on Christianity was futile, was shown when two years later Chungking was reoccupied by a stronger anti-foreign agitation, and frequent missionary force than ever. From 1890 to 1900 was marked by much riots, everywhere in China, Ming Kwong having its full share.

From "China's challenge to Christianity" Mrs. Hartley took up the question of "Chinese attitudes toward the West," and in her usual

interesting manner followed these different attitudes to the close of the chapter, closing with the challenge that "Only a Chinese Christian church can save China."

The hostess while giving valuable mental food to those present, was not unmindful of their physical needs, and during the social hour that followed, served very appetizing refreshments. The appointments, savored of China, and for the color scheme, red predominated, this color being the Chinese sign of happiness.

## BIBLE PICTURE TALK IS GIVEN

Evangelist Holzer Delivers Famous Lecture on Wandering Jew

### BITTER EXPERIENCE OF JEWS

Misunderstanding Has Been Created by Insincere Christianity

A packed house—very gratifying for a Monday night religious meeting was on hand to hear and see the Bible picture talk at the Gospel church on Kindred street. Evangelist Holzer the Hebrew—delivered his famous stereoscopic sermon on the Wandering Jew and all who were present received a different idea about the Jews than they had before.

Outstanding parts of the lecture are the introductory pictures—in which Rev. Holzer points out some of the bitter experiences the Jewish people had throughout the Christian era while living among them. The kind of Christ the Jews saw among Christians in the last 1500 years is one who made them hate him more than ever. A misunderstanding has been created by insincere and inconsistent Christianity. In Europe we have today tens of thousands of Jewish orphans who are all growing up with a fearful spirit of hate against Christ and the church and why? Because they remember all their life that their parents were killed and massacred by a so-called Christian church. In Russia the Greek Catholic church has instigated massacre after massacre against the Jewish people living there. Then Holzer showed his pictures dealing with almost every phase of Jewish life.

That the Jews are still God's chosen people, was clearly brought out in last night's lecture. Nothing they ever have done or can do matters with God for He will bring them to the place where they will fulfill the councils of His word. Their going back to their homeland now was also made clear and in this event we have another proof—Holzer declared—of the veracity of the Bible. At the conclusion of the lecture the evangelist explained about his missionary program for Palestine. He said "the Jewish people are going back there at the rate of about 2000 per month. They are not allowed to go there faster as the land has to be made ready for their reception. The plan is to erect in Jerusalem a Gospel House and Scripture and tract depot and a Bible Missionary training school to train natives for the missionary work there.

Mr. Holzer has secured the friendship and cooperation of the President of the Jerusalem Chamber of Commerce who is willing to help this Palestine Missionary endeavor of Mr. Holzer in any beneficial undertaking for the Jewish homeland. Holzer explained that Jewish colonies which he visited are only too glad to have some one come to them and show them ways to be more useful and of greater value to the reconstruction work of Palestine. In the month of July Evangelist Holzer expects to go back there to do organization work. Tonight he will speak on the subject "The Gospel According to Moses" or "The Way Into the Holiest of Holy."

Gandhi has the right idea. He says that every member in the Indian congress shall do work with his hands as well as his mouth, and he stipulates that every congressman shall spin 2,000 yards of yarn monthly. Well, we won't ask our congressmen to spin any yarn, but we wish they would saw wood.—Chicago Tribune.

Trotzky, in one of his later speeches, again denounces the United States. Well, we hope never to live to see the day when Trotzky regards our government as ideal.—Philadelphia Inquirer.

## What to do when "cut-off"

If "cut-off" while talking over the telephone, the person who was called should immediately hang up until the connection has been re-established and his bell rings.

The person who made the call should ask the operator to re-establish the connection, giving the number to which he was talking when disconnected.

If the person who was called does not hang up after being "cut off," his line will test "busy" and might be so reported by the operator when the calling party is trying to reach him again.

A "cut-off" may be due to temporary disarrangement of central office equipment or to a human error. Every effort is made to reduce the number of "cut-offs" to a minimum.

Our constant effort is to provide the best possible service at the lowest possible charges to the public.

# NEW OFFICERS OF CHAMBER OF COMMERCE

In Company With Directors Will Assume Their Duties on Wednesday

## ANNUAL REPORTS FILED

Will Prove of Genuine Interest, Work Done of Value to Community

The regular meeting of the Chamber of Commerce will be held on Wednesday evening, at which time the newly elected officers and the new board of directors will assume their duties.

The officers, who so successfully piloted the chamber through the year just closed were re-elected for the coming year, and it is expected that this will prove to be as profitable a season as last, which was one of the outstanding years in the history of the association in point of accomplishments.

The annual reports of all standing committees will be submitted at Wednesday evening's meeting. These reports will prove of genuine interest to all, for the committees have worked hard and have something of real value to show for their labors.

The special committee, appointed by President F. H. Gruenhagen to look into the matter of bringing a harvester machine manufacturing plant to Brainerd, will be ready to report on Wednesday night. This committee has visited Little Falls, where the plant is now located, and has made a careful study of the situation, so that a comprehensive report can be expected.

This harvester machine is said to be a combination harvesting and threshing machine, doing both in one operation as it passes through the field in which it is cutting the grain. It is claimed that the invention has several new features which recommended it very highly, and eliminates a number of unsatisfactory points of similar machines that have been placed on the market in the past.

All members of the Chamber are urged to be present on Wednesday evening and to assist in starting the new year in a manner that will be of benefit throughout the coming twelve months.

## MISSIONARY SOCIETY

Congregational Organization Elects Mrs. E. P. Slipp President

The annual meeting of the missionary society of the First Congregational church held on Friday afternoon at the office of Mrs. Irma C. Hartley in the court house, shows the re-election of officers for the coming year to be as follows:

President—Mrs. E. P. Slipp.  
Vice President—Mrs. John P. Woodhead.

Secretary—Mrs. Robert F. Duerr.  
Mrs. Duerr is also filling the office of treasurer, in the absence of Miss May Whitely.

The study period was employed in taking up the subject, "The Harvest," from Ming-Kwong, and introduced and led by Mrs. Harry Wilson, who called attention to the missionary message, "Put ye in the sickle, for the harvest is ripe." Mrs. Wilson noted that from 1807 to 1877, 473 missionaries were stationed in China proper and of that number, 126 were present at the first missionary conference in China, held at Shanghai, in 1877.

The discussions of the conference were taken up by the members present, bringing out the successes, failures, and growth of Christianity, which in many places had come to be known as the "Not-to-be-knocked-down doctrine."

The program closed with an address on "Rising Hate," by Mrs. Hartley, which showed trouble breaking out in Chungking, in the province of Szechuan, in 1886, when missionary buildings were looted and burned and the missionaries taken captive and shut up in the yamen for 16 days, after which they were stealthily conducted through the streets of the city, put on small boats and left to make their way down the Yangtze river.

That the effort to close the door on Christianity was futile, was shown when two years later Chungking was reoccupied by a stronger anti-foreign agitation, and frequent missionary force than ever. From 1890 to 1900 was marked by much riots, everywhere in China, Ming Kwong having its full share.

From "China's challenge to Christianity," Mrs. Hartley took up the question of "Chinese attitudes toward the West," and in her usual

interesting manner followed these different attitudes to the close of the chapter, closing with the challenge that "Only a Chinese Christian church can save China."

The hostess while giving valuable mental food to those present, was not unmindful of their physical needs, and during the social hour that followed, served very appetizing refreshments. The appointments, savored of China, and for the color scheme, red predominated, this color being the Chinese sign of happiness.

## What to do when "cut-off"

If "cut-off" while talking over the telephone, the person who was called should immediately hang up until the connection has been re-established and his bell rings.

The person who made the call should ask the operator to re-establish the connection, giving the number to which he was talking when disconnected.

If the person who was called does not hang up after being "cut off," his line will test "busy" and might be so reported by the operator when the calling party is trying to reach him again.

A "cut-off" may be due to temporary disarrangement of central office equipment or to a human error. Every effort is made to reduce the number of "cut-offs" to a minimum.

Our constant effort is to provide the best possible service at the lowest possible charges to the public.

## TAKING INVENTORY

Now is the season of the year when corporations and individuals as well spend a little time in taking stock. We want to discover for ourselves whether there are more debts than credits on our ledgers and if so why? It all shows up in black and white, says the Bemidji Pioneer, and there is no escape from facts. If our business has been improperly managed, the loss will be discovered.

And individually, we can take stock in much the same way. Have we made any progress? Have we gained anything by the experience of the past year? Have we grown in mental or spiritual stature? Have we made any new friends or perhaps attained an enemy? Count up and see how the account stands. Does it balance or show a loss or profit?

It may be a foolish thing to do—to make a New Year's resolution—but it may be a good thing for all of us to do a little more intelligent thinking in 1925, to the end that we will always know on which side of the ledger our account stands. We can improve our spirit, and maybe do a little better work. We may be a little considerate of the other fellow's viewpoint, and we may make a little effort to be a friend. Would it be too much to set ourselves to the task of not looking the whole next year in the face now, but by living a day at a time, trial balance every day and see if during the next twelve months we have made a satisfactory and steadfast progress?

## INCOME TAX PAYMENTS

INCOME taxpayers are advised by the Collector of Internal Revenue, L. M. Willcuts, that under the new law no extensions of time for filing income tax returns can be granted by the Collector. In former years the Collector, under certain circumstances, could grant a thirty-day extension, but that authority is not contained in the new law and returns will have to be filed in all cases by March 15th, unless the taxpayer takes the matter up with the Commissioner of Internal Revenue, Washington, D. C., before March 15th. So it is important for taxpayers to get their returns ready and filed on time.

Taxpayers are also advised that there have been radical changes made in the new law, and the making out of returns is going to be more difficult than under the old laws. Collector Willcuts advises taxpayers, where it is possible, to come to one of his offices and get the help of Deputy Collectors in making out the returns. The whole force is at the disposal of taxpayers to help them in this matter, but if they wait until after March 1st, says Mr. Willcuts, it will be impossible to give them individual attention.

Taxpayers will be greatly pleased with the substantial reduction made in taxes under the new law, but just the same, the new returns are more complicated and need careful attention in making them out. The new law makes no changes whatever as to corporations.

## MINNESOTA IS HONORED

MINNESOTA has been honored by President Coolidge in his appointment of Frank B. Kellogg as the next secretary of state. Mr. Kellogg has had much experience and will give a good account of himself in the new office, which post he will accept early in March.

The telegram was flashed to the Brainerd Dispatch when part of its daily edition had been printed Saturday afternoon. Presses were stopped and the telegram inserted.

Minnesota had been striving to get a Minnesota man appointed Secretary of Agriculture and seemed content with such a concession. Now comes the appointment of Kellogg as secretary of state and it exceeds the widest hopes of Minnesota.

The position of secretary of state is the highest in the President's cabinet. Mr. Hughes, after long and brilliant tenure of office, will retire to private life and law practice. He has given freely of the best years of his life in piloting affairs of state.

As ambassador, Mr. Kellogg has shown his capability and in such career has added to the talent and experience required to gain a wide vision in conducting affairs of state.

EVERY paper we have seen commends the appointment of Frank B. Kellogg as our next Secretary of State. "It is a splendid selection," says the St. Cloud Daily Journal-Press. "When a farm boy, through his own efforts and ability, becomes a great statesman, the American heart is thrilled. The honor is a great one for the state of Minnesota as well as for Mr. Kellogg," says the St. Paul Daily News.

THERE is no divinity hedging a governor in the United States. In the space of a short time Governor Walton of Oklahoma and Governor Ferguson of Texas were impeached. Governor Watson was sent to prison. Governor Small of Illinois was severely grilled. Governor Davis of Kansas is now under arrest charged with accepting money for pardoning a man.

BE MIDJJI's civic spirit is alive and in action every day. No sooner did the people make a success of the Sousa concert last fall, than they banded together and took on the sponsoring of the Minneapolis Symphony concert early in May.

As the national tax load is being reduced through President Coolidge's efforts, let cities, counties and states profit by the example and lower the burden of local taxation.

CIVILIZATION seems to consist in multiplying our wants and trying to catch up with them, says the Little Falls Daily Transcript.

THIS is getting to be a more advanced age every day. Baby in the West born with two teeth.

WHEN a rum schooner is lost in a gale it's evidently a case of mixing rum and water.

LIFE would be flat and tasteless if we all had the same trend of thought.

## WHERE AND HOW

TO WATCH THE  
SUN'S ECLIPSE

TOTAL IN SOME PLACES, PARTIAL  
TO OTHER SKY  
GAZERS

FLAMING SUN BLOTTED OUT ON  
THE MORNING OF JAN.  
UARY 21

(By United Press)

Washington, Jan. 13.—It will be the first time in more than a hundred years to write the twenty-fourth of January down on your desk pads and drive autos slowly that day, for on that date, says the American Nature Association, there will occur in the skies something that you will probably never see again—a total eclipse of the sun in some places and a partial eclipse over the greater part of the United States.

If you live within a belt 100 miles wide and 5,000 miles long and flung from northern Minnesota across northern Wisconsin and Michigan, the Great Lakes to New York, Long Island, Connecticut and Rhode Island, parts of Pennsylvania, New Jersey and Massachusetts you will see the flaming sun blotted out on the morning of Jan. 24. Those who live near this path across the country—a path that ends at sunset near the north of Scotland—will see the sun shadowed in part, the extent depending on how near they live to this belt.

On the twenty-fourth day of the new year the moon will pass between the earth and the sun, throwing its shadow on our sphere. It is the first total eclipse of the sun to be visible in this section of the country since the year 1806. No other total eclipse will take place in the same vicinity for more than a century. Though a partial eclipse is not an unusual occurrence in one locality, it is not every generation that sees the moon smudging out the sun.

The eclipse will be total in Duluth, Buffalo, New York City, New Haven and many other large cities in this part of the country. The partial eclipse will be very large, nearly total, in some of the largest cities in the United States, including Boston, Providence, Albany, Philadelphia, Baltimore, Washington and Chicago. Even as far south as New Orleans, and as far west as St. Louis and Omaha, the partial eclipse will be large.

## From Lake Erie Eastward

In most of the central states the sun will rise more or less eclipsed, but from Lake Erie eastward, all of the eclipse will take place after the sun has risen.

The total eclipse in New York City will take place about 9:10 a. m. and the time of the greatest eclipse for most of the cities in the east that keep Eastern Standard Time will vary but a few minutes from this time. The partial eclipse will begin about 8 o'clock in the same section and the eclipse will be over about half-past ten.

When the eclipse becomes total, the brighter stars and planets appear and also the beautiful solar corona that the astronomer is so anxious to study. This is a magnificent halo of pearly light extending to a great distance from the sun and different in shape and appearance at every eclipse. It is never visible except during a total solar eclipse and can be studied only at that time, because its light is so faint that the glare of sunlight in the daytime hides it from view. It is only when the moon obligingly comes between sun and earth and shuts out the light of the sun that the corona shines forth in all its wonderful beauty.

All those who find themselves within the path of total eclipse should look out for the shadow bands, wavy bands of light and shade that fit over the landscape and buildings just before and after the total eclipse. Also, they should look out for the interesting phenomenon known as "Baily's Beads," which are seen as the thin, thread-like solar crescent breaks up into beads of light as the total eclipse is about to begin, and which are seen again just as it ends.

Look also for the scarlet solar prominence during the total eclipse which are flames of glowing gases of hydrogen and helium rising from the hidden surface of the moon to heights of thousands of miles and visible beyond the edge of the moon in queer forms and shapes.

The brighter stars and planets appear during the total eclipse, and even a little before and after it. The three planets, Venus, Mercury and Jupiter, should be seen in a close group some distance to the southwest of the sun. But above all else do not fail to make the most of your opportunities to observe the wonderful and mysterious

corona which can never be seen except when the sun is totally eclipsed and which very few people ever have the good fortune to see.

Although the event of this one day dwarfs all others by comparison in the January skies, in midwinter and evening skies are at the best. There are more brilliant stars in view than at any other time of the year.

EAGLES SPONSOR  
OLD AGE PENSION

St. Paul, Jan. 13.—An old age pension bill, sponsored by the Fraternal Order of Eagles, will be introduced soon at the legislative session.

Sen. A. L. Lennon, Minneapolis, a leader among the Eagles, will be au-

thor of the bill in the senate. A duplicate will be introduced in the house.

Several states now have such a law. The first to adopt it at the suggestion of the Eagles was Pennsylvania. In signing the bill there on May 10, 1923, Gov. Gifford Pinchot said:

"It has given me profound pleasure to sign this bill. Today we are righting the neglects of yesterday. As governor of this commonwealth, I am proud that ours is the first industrial state to adopt the law. Other states will soon see the wisdom of our procedure and enact similar legislation to make happier the lot of the aged within their borders. The highest duty of humanity is to care for those who have served the glory of the state and the nation as well, and as loyally

as they knew how."

"We are escaping from the terrors of the dark age," said Gov. J. G. Scrugham in signing the bill in Nevada.

There also is an old age pension law in Montana, where Joseph M. Dixon, the governor who signed the bill, said this of it:

"I have felt for 20 years that the one big cancer that eats continuously in all men's hearts is the fear of growing old in poverty. The old age pension movement comes nearer alleviating this nightmare than any other one thing can do."

The bill will be introduced this winter in legislatures meeting in all states where it is not already law.—St. Paul Daily News.

## REINFORCE GLANDS TO KEEP YOUNG SAYS SCIENTIST

Thousands of Men and Women Are Now Taking Glandogen to Help Regain Normal Health, Vigor and Strength.

Dr. Arnold Lorand of Austria says in his book, "Old Age Deferred," in speaking of the glands: "We must insist upon the reinforcement of their functions if changed by age or disease by means of extracts obtained from the similar organs of healthy young animals."

GLANDULAR ACTIVITY NECESSARY IF IMPORTANT ORGANS OF BODY PERFORM THEIR FUNCTIONS.

At a recent medical convention in Chicago Dr. Roy Upham, president of the American Institute of Homeopathy, stated that because of the intimate connection of the nervous system with the glands, many sufferers from nervous disorders were receiving remarkable benefits from glandular treatment. He further stated that this glandular treatment could be taken by mouth like any other medicine, and that an operation is not necessary.

Dr. Samuel J. Staub, according to a recent dispatch, said that people suffering from that "below par" feeling, accompanied by loss of appetite, sleeplessness, loss of weight, and so forth, can be set right by having the balance of their glandular secretions restored.

GLANDULAR TREATMENT (GLANDOGEN) CAN NOW BE TAKEN IN CONVENIENT TABLET FORM.

Thousands of men and women are now turning to glandular treatment to help regain lost strength, vigor, vitality and health. Since Science has prepared a gland treatment in simple compact tablet form—Glandogen—it is a simple matter to take glandular treatment. Glandogen is scientifically prepared in two different forms, one for men and one for women, from the vital glands of healthy young animals, combined with other efficacious ingredients. Johnson's Pharmacy and Economy Drug Co. will supply you.

Sen. A. L. Lennon, Minneapolis, a leader among the Eagles, will be author of the bill in the senate. A duplicate will be introduced in the house.

Several states now have such a law. The first to adopt it at the suggestion of the Eagles was Pennsylvania. In signing the bill there on May 10, 1923, Gov. Gifford Pinchot said:

"It has given me profound pleasure to sign this bill. Today we are righting the neglects of yesterday. As governor of this commonwealth, I am proud that ours is the first industrial state to adopt the law. Other states will soon see the wisdom of our procedure and enact similar legislation to make happier the lot of the aged within their borders. The highest duty of humanity is to care for those who have served the glory of the state and the nation as well, and as loyally

as they knew how."

"We are escaping from the terrors of the dark age," said Gov. J. G. Scruggs in signing the bill in Nevada.

There also is an old age pension law in Montana, where Joseph M. Dixon, the governor who signed the bill, said this:

"I have felt for 20 years that the one big cancer that eats continuously in all men's hearts is the fear of growing old in poverty. The old age pension movement comes nearer alleviating this nightmare than any other one thing can do."

The bill will be introduced this winter in legislatures meeting in all states where it is not already law.—St. Paul Daily News.

## REINFORCE GLANDS TO KEEP YOUNG SAYS SCIENTIST

Thousands of Men and Women Are Now Taking Glandogen to Help Regain Normal Health, Vigor and Strength.

Dr. Arnold Lorand of Austria says in his book, "Old Age Deferred," in speaking of the glands: "We must insist upon the reinforcement of their functions if changed by age or disease by means of extracts obtained from the similar organs of healthy young animals."

## GLANDULAR ACTIVITY NECESSARY IF IMPORTANT ORGANS OF BODY PERFORM THEIR FUNCTIONS.

At a recent medical convention in Chicago Dr. Roy Upham, president of the American Institute of Homeopathy, stated that because of the intimate connection of the nervous system with the glands, many sufferers from nervous disorders were receiving remarkable benefits from glandular treatment. He further stated that this glandular treatment could be taken by mouth like any other medicine, and that an operation is not necessary.

Dr. Samuel J. Staub, according to a recent dispatch, said that people suffering from that "below par" feeling, accompanied by loss of appetite, sleeplessness, loss of weight, and so forth, can be set right by having the balance of their glandular secretions restored.

## GLANDULAR TREATMENT (GLANDOGEN) CAN NOW BE TAKEN IN CONVENIENT TABLET FORM.

Thousands of men and women are now turning to glandular treatment to help regain lost strength, vigor, vitality and health. Since Science has prepared a gland treatment in simple compact tablet form—Glandogen—it is a simple matter to take glandular treatment. Glandogen is scientifically prepared in two different forms, one for men and one for women, from the vital glands of healthy young animals, combined with other effective ingredients. Johnson's Pharmacy and Economy Drug Co. will supply you.

## FOR ALL AGES

Many think cod-liver oil is mainly useful for children. The fact is

## Scott's Emulsion

to those of any age is a strength-maker that is worth its weight in gold. Take Scott's Emulsion.

# SERIOUS CHARGES MADE AGAINST CHRISTIAN CHURCHES

(Continued from Page 1)

"The great majority of the men of science do not believe literally the virgin birth, the resurrection, hell, miracles or the story of Adam in the bible. The teaching in our colleges is heretical. Are you going to ban this cultural class from our church?"

"I am not a 'heretic' in the old sense—isolated by singularity of opinion. I am one of a mighty group of heretics in the church."

"Modern thought demands the churches must modify the whole of their historic policy or the prospect is defeat."

"There are 7,000 vacant pulpits in the United States today. Nine-tenths of the young men of America shrink from churches."

"The reason is apparent. The doom of theology is near unless presented with freedom."

Brown pleaded for a new understanding in the church.

"Let each section of the church—fundamentalists, modernists and those who approach Rome—respect each other's honor and conscience, co-operating in the work of spreading peace, charity and good conduct," he urged.

"The new spirit of our times sets noble deeds and high character far above all doctrinal disputes."

"The great human task is bettering the earth and co-operating in the great modern work of making life as happy as possible for as many as possible."

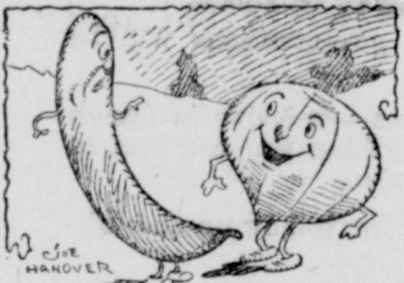

# STATE DEPARTMENTS IN SOUTH DAKOTA TO BE INVESTIGATED

(By United Press)

Pierre, S. D., Jan. 13.—Political circles here were in stir today over the decision of the legislature to thoroughly probe the workings of five state departments.

The highway, rural credits and state banking departments will be investigated, and the state coal and cement plants will be probed. Governor Gunderson asked the co-operation of all South Dakotans in getting to the bottom of things in those departments.

# IN VEGETABLE LAND

Onion—So, Mr. Bean, she told you you were handsome? Well, she was only stringing you.

# Bestowed in Derision

"Bluestocking" is a humorous and rather contemptuous epithet applied to a woman author or a lady of any literary attainments. The "Bluestockings" was the name applied to a literary club in the early Eighteenth century in England.

# Joint-Ease for Creaky Joints

Just rub on the new application called Joint-Ease if you want to know what real joint comfort is.

It's for stiff, swollen, or pain-tortured joints whether caused by rheumatism or not.

A few seconds' rubbing and it soaks right in through skin and flesh right down to ligament and bone.

It oils up and limbers up the joints, subdues the inflammation and reduces the swelling. Joint-Ease is the one great remedy for all joint troubles and all live druggists are dispensing it daily—a tube for 50 cents.

Always remember, when Joint-Ease gets in joint agony gets out—quick.—Adv.

# CREAM CLEARS A STUFFED-UP HEAD

Instantly Opens Every Air Passage—Clears Throat, Too

If your nostrils are clogged and your head is stuffed because of nasty catarrh or a cold, apply a little pure, antiseptic cream into your nostrils. It penetrates through every air passage, soothing and healing swollen, inflamed membranes and you get instant relief.

Try this. Get a small bottle of Ely's Cream Balm at any drug store. Your clogged nostrils open right up; your head is clear; no more hawking or snuffling. Count fifty. All the stuffiness, dryness, struggling for breath is gone. You feel fine.—Adv.

## BRAINERD BEATS CROSBY-IRONTON

Brainerd high again came through with a basketball victory, when they defeated the fast Crosby-Ironton quint last Friday night, in the local gymnasium.

The score was 19 to 11 but this does not indicate how hard-fought the game really was. Although Brainerd led all the way, they had to keep going all the time in order to do it.

The big game started at 9:00 when the two teams came upon the floor. The game started with a bang, when Engbretson caged a goal, followed immediately with one by Jellised of Crosby-Ironton. Engbretson then followed with another. Jellised of Crosby-Ironton then added to their score by caging a free throw.

Rosenberg, Engbretson and Avery each connected with the basket during the latter part of the first half bringing the Brainerd score to 10. Crosby succeeded in getting one more goal bringing their total to 5.

The second half of the game was much more listless than the first, although Brainerd made 9 points to their opponents 6, Crosby had more than twice as many shots at the hoop but were able to make only two of them count.

The game ended 19 to 11 in Brainerd's favor.

Brainerd	G.	F.T.M.	P.F.
R. F. Engbretson	5	1	0
L. F. Avery	1	0	0
C. Rosenberg	2	0	0
Opsahl	0	0	1

G.—Goals.  
F.T.M.—Free throws made.  
P.F.—Personal fouls.  
Referee—Karl Adams, St. Cloud.  
Scorer—Schaumburg, Brainerd.

## BRAINONIAN STAFF MEETING ON FRIDAY

At the regular Brainonian meeting, Friday morning, the Staff suggested having individual pictures for the annual. Kay Nolan expressed a desire for seven dozen pictures of herself, providing they turned out well (wonder whom they're all going to?). Assignments were given out for the week's paper, and on account of some of the Staff having examinations the first period, the meeting adjourned.

## BRAINLESS BITS

Senior (trying to stump a Frosh). "What is the coldest part of a theatrie?"

Frosh: "The Z row, of course."

H. P. to E. N.: "Let me copy your Algebra for today, Nick."

Miss Schow: "I won't collect your papers during review."

H. P.: "Oh, never mind, Nick."

M. H.: "Say, did ya hear about the hold-up at school today?"

M. G.: "No, who was held up?"

M. H.: "Miss Larsen held her class up for five minutes."

Miss Hall: (In Ancient History) "What was the reason for the downfall of the Egyptian Empire?"

Emil M.: "What goes up must come down."

Mr. S. (In Physiology class) "Did everybody bring paper and pencil?"

Class: (thinking they were to have a quiz) "No!"

Mr. S.: "I wanted to give you some questions from a state paper to review."

Class (relieved): "Yes, we have some."

Miss Hall: (in Ancient History) "In the olden days the richest people didn't have as much as the poorer ones now. They didn't have furbances, etc."

Alta: "Yes, and they didn't even have a Ford."

## LONG LIVE "DADDY LONG-LEGS!"

Again the cycle of Father Time has cut its path to the period when the Seniors of B. H. S. will proffer their best in a four act play "Daddy Long-Legs."

From the congruous mass of hopefuls that made their appearance at the youths, the stupendous task of selecting the most worthy of the aspirants all upon Miss Tornstrom. No one can understand what a heart-rending job it was to disappoint the various ones that had to be rejected for miscellaneous reasons.

Most of the marvelous coterie of artists that appear in the cast of characters also grace the roll-call of other school activities. The three major parts gave their starring athletes, the Jell Club's prima donna, the Brainonian staff, high a third of its journalists, among the rest, musicians, vamps, heiks, and brilliant scholars hold way while a few are making their airtial "spot light" appearance through the medium of the play.

Perhaps greater Julia Marlowes and et greater John Barrymores lie reposing in some unassuming mortal which only constant practice and hard work will reveal, rehearsals having already started. We predict the play will rival that of Rex Ingram's production, Scaramouche (which recently on the \$10,000 Zukor prize).

## BRILLIANT REMARKS BY BRILLIANT STUDENTS

1. The peculiarity about the hyroid glands is that they cause heumatism.
2. A snake is a one-celled animal.
3. There are two kinds of lines: straight lines and crooked lines.
4. Lafayette was the leader of the National Guards.
5. Blemheim was a noted French statesman.
6. Muscles don't grow; they stretch.
7. He gave a good description of an old lady that showed Shakespeare's birthplace in three lines.
8. William the Conqueror was killed three times during the Battle of Hastings.
9. Fulton worked for twenty-four hours to raise his boat without food, but found it necessary to get a couple of biscuits to brace him.
10. Longfellow's wife died just before he went on his second trip overboard.

## Loseritus and Finderitus

These are two new epidemics which seem to be sweeping over the High School in a more fee-ro-shus manner than any of small-pox. Soon, vaccination blanks will probably be issued to stop them from spreading, especially the Loseritus. Miss Tornstrom, who is the chairman of the committee of one for returning lost articles, says she is almost swamped with them and is prayerfully wishing that some of those who have succumbed to that dire disease, Loseritus, would make a visit to the office and see if they don't belong to some article in her desk. This desk contains a conglomerate mass of unclaimed articles. Handkerchiefs, with money tied in one corner, seem to have the floor now, while rings make a close second. We vote that the unclaimed money be used to purchase some form of stick-tights to be used to attach losable things to the may-be loser. Or, better, to be set aside for a lost and found bureau in the new High School.

## LITTLE FALLS AT BRAINERD FRIDAY

Little Falls, our ancient rival, will meet Engbretson's quint on the local floor next Friday, Jan. 16th. Little Falls defeated Staples by a good margin last Friday and is one of the strongest aggregations in the district. A fast game for faithful fans! The second team will probably see their hopes realized and play their first real game with the Little Falls second team.

Miss Schow: (in English II class after taking parts and reading Julius Caesar, to Henry G. who is taking part of Julius Caesar and is talking.) "Henry, take your seat and be quiet. You're supposed to be dead."

## JUNIOR CLASS PRESENTS EXCEPTIONAL BENEFIT

Tickets! Tickets! What for? Why, the Junior Class of the Brainerd High School is presenting "Class-mates" with Dick Barthelmess, at the New Park Theatre on the 19th, 20th, and 21st, of January. Every Junior has tickets to sell. Don't fail to get a ticket for this wonderful new movie production. It's the treat of your life!

Dick Barthelmess is at his highest in this new picture. You will not be disappointed, cannot be disappointed, with this thrilling story of love and romance. You will see many interesting scenes, such as the cadets on parade at West Point, and many secrets of the private life at our National Military Institution will be revealed to you. Above all

there will be a typical West Point wedding. Imagine it! From all this the scene changes to the wilds of the Amazon jungles where the brave fight against such hardships as test a man's mettle will give you some thrills you will never forget.

The proceeds of this benefit movie will go to furnish the Junior-Senior banquet, and if enough tickets are not sold it will mean a Junior Carnival or some other affair, so why not buy a ticket now and save yourself the trouble of being bothered by future ticket sellers?

One of the added attractions of the evening will be the special music, which the High School orchestra, under the direction of Miss Rickard, is so capable of rendering.

## Who, What and Where

Mrs. F. W. Rosel, (Miss Grah) resumed her former position as Domestic Science teacher for one day last week, due to the absence of Miss Wanous.

Evidently wearing hair-pins and refereeing a basketball game doesn't agree with Miss Larsen, although after a lengthy interview she declared that this was not her argument for changing her mode of hair-dressing.

"Buono" bars sold like hot-cakes at the game last Friday. The Junior girls had sold their last ones before the boys' game started.

Don't forget to buy that ticket for the Junior Benefit, Jan. 19th, 20th, and 21st.

Mr. Raymond Anderson, reporter of the Hi-Y club, stated that he did not attend last week's meeting of the club and is, therefore, unable to give us any news. Judging from appearances, Mr. Anderson was so very busy looking for an interesting book to read (he's read them almost) that he could not afford to take time out for the said meeting.

Examinations—all day Thursday and Friday. States on Thursday morning.

We hope to give you some interesting details on the 1925 Brainonian Annual soon. Watch for them!

A Senior meeting was called yesterday at 3:30 to get the graduates of 1925 to sign up for their pictures. All graduates are urged to have their pictures taken as soon as possible.

To do away with the congestion along the stairways leading up to the gym and to eliminate the danger of fire, the school board has provided five clothes racks for the special use of the Sophomore girls, the racks appearing in the front of the main assembly.

## THREE CHEERS FOR—THE EATS

Of all the delightful things that can occur to a Senior! Well—just keep on reading.

The other day Miss Oldenburg our beloved "Keeper of the assembly" made a hasty exit and President "Crabby" Lyddon with a telltale "surprise in store for you" grin on his face wended his way to the front and with pompous flourishes opened a huge box of luscious chocolates, a gift from Miss Tornstrom. Big, delicious chocolates, three layers, row on row! M'mm our mouths still water at the remembrance. An insistent clamor was raised for Miss Tornstrom but for some unaccountable reason she couldn't be persuaded to make her appearance. Shy?—no doubt! Thus the Seniors, in the manner wish to express their hearty thanks for the much appreciated gift with which she presented them.

Miss Lohr: (explaining a theorem for the next days' Geometry lesson) "I want to introduce you to the new theorem you have for tomorrow."

Ole W.: "I am very pleased to meet you."

## Mixed Grade Reports

Miss Hjerpe is suffering from a severe cold and was unable to conduct classes last Wednesday, Thursday and Friday. Mrs. Armstrong acted as substitute.

Olive Hansen and Frank Wise have returned to school after a long illness. We are glad to have them back.

## The Agony of Suspense

Will she, or won't she?  
She might, and she might not—I hope so, but I'm not sure.  
She smiled at me this noon!  
Oh, maybe, I'll get a chance—  
Perhaps an orphan.  
Oh, gee, I'm disgusted!  
Will it never end?  
Did you really?  
Is that all you heard?  
But that's impossible.  
I never have—nope!  
Oh, will it never end?  
Aye, but when?  
Will I make the cast?  
Oh, I am unburdened at last!  
She gave me a part in "Daddy Long-Legs."  
Peace, peace, I have you once again.

Mildred B. has been seen lately wearing a pair of cross-word puzzle socks.

BRAINERD BEATS  
CROSBY-IRONTON

Brainerd high again came through with a basketball victory, when they defeated the fast Crosby-Ironton quint last Friday night, in the local gymnasium.

The score was 19 to 11 but this does not indicate how hard-fought the game really was. Although Brainerd led all the way, they had to keep going all the time in order to do it.

The big game started at 9:00 when the two teams came upon the floor. The game started with a bang, when Engbretson caged a goal, followed immediately with one by Jellied o. Crosby-Ironton. Engbretson then followed with another. Jellied o. Crosby-Ironton then added to their score by caging a free throw.

Rosenberg, Engbretson and Avery each connected with the basket during the latter part of the first half bringing the Brainerd score to 10. Crosby succeeded in getting one more goal bringing their total to 5.

The second half of the game was much more listless than the first, although Brainerd made 9 points to their opponents 6. Crosby had more than twice as many shots at the hoop but were able to make only two of them.

The game ended 19 to 11 in Brainerd's favor.

Brainerd—	G.	F.T.M.	P.F.
R. F. Engbretson	5	1	0
L. F. Avery	1	0	0
C. Rosenberg	2	0	0
Opsahl	0	0	1
Lyddon	0	0	0
R. G. Dieckhaus	0	0	0
L. G. Tribur	1	0	2
Crosby-Ironton—	G.	F.T.M.	P.F.
R. F. Johnston	1	0	1
Wescott	0	0	0
Redowich	2	1	0
L. P. Pomeroy	0	1	0
C. Jellied	1	1	0
R. G. Lefeo	0	0	2
L. G. Darling	0	0	0
G.—Goals.			
F.T.M.—Free throws made.			
P.F.—Personal fouls.			
Referee—Karl Adams, St. Cloud.			
Scorer—Schaumburg, Brainerd.			

BRAINONIAN STAFF  
MEETING ON FRIDAY

At the regular Brainonian meeting, Friday morning, the Staff suggested having individual pictures for the annual. Kay Nolan expressed a desire for seven dozen pictures of herself, providing they turned out well (wonder whom they're all going to?) Assignments were given out for the week's paper, and on account of some of the Staff having examinations the first period, the meeting adjourned.

## BRAINLESS BITS

Senior (trying to stomp a Frosh.) "What is the coldest part of a theatre?"

Frosh: "The Z row, of course."

H. P. to E. N.: "Let me copy your Algebra for today, Nick."

Miss Schow: "I won't collect your papers during review."

H. P.: "Oh, never mind, Nick."

M. H.: "Say, did ya hear about the hold-up at school today?"

M. G.: "No, who was held up?"

M. H.: "Miss Larsen held her class up for five minutes."

Miss Hall: (in Ancient History) "What was the reason for the downfall of the Egyptian Empire?"

Emil M.: "What goes up must come down."

Mr. S. (in Physiology class) "Did everybody bring paper and pencil?"

Class: (thinking they were to have a quiz) "No!"

Mr. S.: "I wanted to give you some questions from a state paper to review."

Class (relieved): "Yes, we have some."

Miss Hall: (in Ancient History) "In the olden days the richest people didn't have as much as the poorer ones now. They didn't have furbaces, etc."

Alta: "Yes, and they didn't even have a Ford."

LONG LIVE  
"DADDY LONG-LEGS!"

Again the cycle of Father Time has cut its path to the period when the Seniors of B. H. S. will proffer their best in a four act play "Daddy Long-Legs."

From the congruous mass of hopefuls that made their appearance at the tryouts, the stupendous task of selecting the most worthy of the aspirants all upon Miss Tornstrom. No one can understand what a heart-rending job it was to disappoint the various ousls that had to be rejected for miscellaneous reasons.

Most of the marvelous coterie of artists that appear in the cast of characters also grace the roll-call of other school activities. The three major parts gave their starring athletes, the Jellied o. prima donnas, the Brainonian staff, a third of its journalists, among the rest, musicians, vamps, heiks, and brilliant scholars hold way while a few are making their initial "spot light" appearance through the medium of the play.

Perhaps greater Julia Marlowes and et greater John Barrymores lie reposing in some unassuming mortal hich only constant practice and hard work will reveal, rehearsals having already started. We predict the play will rival that of Rex Ingram's production, Scaramouche (which recently on the \$10,000 Zukor prize).

BRILLIANT REMARKS  
BY BRILLIANT STUDENTS

1. The peculiarity about the hyroid glands is that they cause heumatism.

2. A snake is a one-celled animal.

3. There are two kinds of lines: straight lines and crooked lines.

4. Lafayette was the leader of the National Guards.

5. Blemheim was a noted French statesman.

6. Muscles don't grow; they stretch.

7. He gave a good description of an old lady that showed Shakespeare's birthplace in three lines.

8. William the Conqueror was killed three times during the Battle of Hastings.

9. Fulton worked for twenty-four hours to raise his boat without food, but found it necessary to get a couple of biscuits to brace him.

10. Longfellow's wife died just before he went on his second trip overboard.

## Loseritus and Finderitus

These are two new epidemics which seem to be sweeping over the High School in a more fee-ro-shus manner than any of small-pox. Soon, vaccination blanks will probably be issued to stop them from spreading, especially the Loseritus. Miss Tornstrom, who is the chairman of the committee of one for returning lost articles, says she is almost swamped with them and is prayer-fully wishing that some of those who have accumulated to that dire disease, Loseritus, would make a visit to the office and see if they don't belong to some article in her desk. This desk contains a conglomerate mass of unclaimed articles. Handkerchiefs, with money tied in one corner, seem to have the floor now, while rings make a close second. We vote that the unclaimed money be used to purchase some form of stick-tights to be used to attach losable things to the may-be loser. Or, better, to be set aside for a lost and found bureau in the new High School.

LITTLE FALLS AT  
BRAINERD FRIDAY

Little Falls, our ancient rival, will meet Engbretson's quint on the local floor next Friday, Jan. 16th. Little Falls defeated Staples by a good margin last Friday and is one of the strongest aggregations in the district. A fast game for faithful fans! The second team will probably see their hopes realized and play their first real game with the Little Falls second team.

Miss Schow: (in English II class after taking parts and reading Julius Caesar, to Henry G. who is taking part of Julius Caesar and is talking.) "Henry, take your seat and be quiet. You're supposed to be dead."

JUNIOR CLASS PRESENTS  
EXCEPTIONAL BENEFIT

Tickets! Tickets! What for? Why, the Junior Class of the Brainerd High School is presenting "Classmates" with Dick Barthelmess, at the New Park Theatre on the 19th, 20th, and 21st, of January. Every Junior has tickets to sell. Don't fail to get a ticket for this wonderful new movie production. It's the treat of your life!

Dick Barthelmess is at his highest in this new picture. You will not be disappointed, cannot be disappointed, with this thrilling story of love and romance. You will see many interesting scenes, such as the cadets on parade at West Point, and many secrets of the private life at our National Military Institution will be revealed to you. Above all,

## Who, What and Where

Mrs. F. W. Rosel, (Miss Grah) resumed her former position as Domestic Science teacher for one day last week, due to the absence of Miss Wanous.

Evidently wearing hair-pins and refereeing a basketball game doesn't agree with Miss Larsen, although after a lengthy interview she declared that this was not her argument for changing her mode of hair-dressing.

"Buono" bars sold like hot-cakes at the game last Friday. The Junior girls had sold their last ones before the boys' game started.

Don't forget to buy that ticket for the Junior Benefit, Jan. 19th, 20th, and 21st.

Mr. Raymond Anderson, reporter of the Hi-Y club, stated that he did not attend last week's meeting of the club and is, therefore, unable to give us any news. Judging from appearances, Mr. Anderson was so very busy looking for an interesting book to read (he's read them almost) that he could not afford to take time out for the said meeting.

Examinations—all day Thursday and Friday. States on Thursday morning.

We hope to give you some interesting details on the 1935 Brainonian Annual soon. Watch for them!

A Senior meeting was called yesterday at 3:30 to get the graduates of 1935 to sign up for their pictures. All graduates are urged to have their pictures taken as soon as possible.

To do away with the congestion along the stairways leading up to the gym and to eliminate the danger of fire, the school board has provided five clothes racks for the special use of the Sophomore girls, the racks appearing in the front of the main assembly.

THREE CHEERS  
FOR—THE EATS

Of all the delightful things that can occur to a Senior! Well—just keep on reading.

The other day Miss Oldenburg our beloved "Keeper of the assembly" made a hasty exit and President "Crabby" Lyddon with a teftal "surprise in store for you" grin on his face wended his way to the front and with pompous flourishes opened a huge box of luscious chocolates, a gift from Miss Tornstrom. Big, delicious chocolates, three layers, row on row! M'mm our mouths still water at the remembrance. An insistent clamor was raised for Miss Tornstrom but for some unaccountable reason she couldn't be persuaded to make her appearance. Shy?—no doubt! Thus the Seniors, in the manner wish to express their hearty thanks for the much appreciated gift with which she presented them.

Miss Lohr: (explaining a theorem for the next days' Geometry lesson) "I want to introduce you to the new theorem you have for tomorrow."

Ole W.: "I am very pleased to meet you."

there will be a typical West Point wedding. Imagine it!

From all this the scene changes to the wilds of the Amazon jungles where the brave fight against such hardships as test a man's mettle will give you some thrills you will never forget.

The proceeds of this benefit movie will go to furnish the Junior-Senior banquet, and if enough tickets are not sold it will mean a Junior Carnival or some other affair, so why not buy a ticket now and save yourself the trouble of being bothered by future ticket sellers?

One of the added attractions of the evening will be the special music, which the High School orchestra, under the direction of Miss Rickard, is so capable of rendering.

FIRE DRILL AT  
HIGH SCHOOL

Last Thursday morning the high school forsook its studies during the first half hour and tested its ability at speedily emptying the gymnasium in case of fire. It was found that the entire student body deserted their comfortable positions on the bleachers and were all safely out of the building in one and one-half minutes.

The test was made a second time using only the southern exit from the gym. The building was vacated in four and one-half minutes.

## News for the Alma Mater

Henry Johnson, '23, is employed by G. Sommers & Co., St. Cloud, Minnesota.

Henry Bakila, '19, graduate of the U. of Minnesota, December, 19, received his M. D. Degree. He is now serving internship at Duluth.

Hulda Hendriksen, '22, is teaching in one of the rural schools.

Verginia Howe, '23, is teaching in Cloquet.

Ed. Tom O'Brien, '23, was operated on for appendicitis. Tom is recovering from his operation and will resume his studies at Georgetown sometime after Feb. 1st.

Ethel Lind, '24, returned to the Valley City Normal, Sunday.

## Mixed Grade Reports

Miss Hjerpe is suffering from a severe cold and was unable to conduct classes last Wednesday, Thursday and Friday. Mrs. Armstrong acted as substitute.

Olive Hansen and Frank Wise have returned to school after a long illness. We are glad to have them back.

## The Agony of Suspense

Will she, or won't she?  
She might, and she might not—I hope so, but I'm not sure.  
She smiled at me this noon!  
Oh, maybe, I'll get a chance.  
Perhaps an orphan.  
Oh, gee, I'm disgusted!  
Will it never end?  
Did you really?  
Is that all you heard?  
But that's impossible.  
I never have—nope!  
Oh, will it never end?  
Aye, but when?  
Will I make the cast?  
Oh, I am unbored at last!  
She gave me a part in "Daddy Long-Legs."  
Peace, peace, I have you once again.

Mildred B. has been seen lately wearing a pair of cross-word puzzle socks.

## WEEKLY ESSAY

IS "THE HIGH  
SCHOOL BELL"

How long has that old bell which hangs in our dust-covered, bird-infested tower of Old B. H. S. been silent? Its sweet mellow tones which for years roused us from our slumbers is now silent. What is the cause? Is our keeper of that sacred privilege sleeping or has someone higher up forbidden those soft sweet tones to be no more.

After we have left school it's a crime that that tongue will not be there in the morning to remind us of the day when we toiled and spent such joyous days together—happy days

that never will be forgotten. But if that bell which has played such an important part in our lives were to die, what would we poor mortals do? And then are we doing justice to the bell itself? It has given the best it has for years and now, when it is old, to be cast into neglect like an old coat. Dead! Forgotten! Its service which it has so faithfully rendered forgotten. So then taking these matters into consideration let us work for the ringing of that bell which in its service has made a place in our mind and hearts that never can be forgotten or rubbed out.

—Milton Bergstrand.

BRAINERD GIRLS  
WIN FIRST GAME

The Brainerd High Girls' team played the Crosby-Ironton Girls in a one-sided preliminary. Brainerd defeating the range team by a score of 27 to 0. The Crosby-Ironton Girls' team consisted of new material, which together with a strange gymnasium accounted for the local's victory. # FARMERS HAVE A SUCCESSFUL YEAR

Brainerd Livestock Shipping Association Closes One of Best Years in History

291 SHIPPERS IN BODY

Majority of These Members Well Satisfied With Returns Received

The Brainerd Livestock Shipping Association has just closed the most successful year in its history, as shown by the report submitted at the annual meeting of this organization held Monday afternoon in the farmers room in the court house.

There were 291 shippers in the association in 1924, and the majority of these members are well satisfied with the returns they received on their shipments. There were a few complaints, but this slight dissatisfaction was mainly from those who did not understand the market conditions, it is thought. The manager wished to take the members to St. Paul on one of the shipping trips, so that all might get a better idea of how their business in handling, but only three of four responded to this invitation. The large majority of the rest of the members were satisfied with results achieved without going to the market.

The secretary-treasurer reported \$442 in the sinking fund. The 1923 shippers will receive \$189 of this amount, prorated back to them. A portion of the remainder, to be decided upon later, will be prorated back to the 1924 shippers.

At the annual election, all of the former officers were re-elected, as follows:

President—Lawrence McCullough.  
Vice President—James Coffield.  
Secretary-treasurer—Harold B. Olson.

August Erickson resigned from the board of directors, and Harold B. Olson was elected in his place. The board now consists of P. B. Anderson, Paul Henningson, Frank Peabody, Wallace Smart, John James, George M. McKay, and Harold B. Olson, in addition to the president and vice president.

The annual report of A. Hagberg, manager of the association, shows that \$44,437.42 were the gross receipts on stock shipped during the past year. There was a total of 46 carloads shipped, being divided as follows: Cattle, 1,039 head; calves, 337 head; hogs, 781 head and sheep, 393 head.

The disbursements included \$4,295.60 St. Paul expense, \$1,383 local expense, including the manager's commission, and \$656.20 paid out for holdovers and condemned stock, leaving a balance to the shippers of \$38,102.53. Stock sold in the Brainerd yard totaled \$190.77.

Mr. Hagberg, in his report, recommended that \$100 be left in the sinking fund, and that the balance be returned to the shippers.

The Brainerd Live-stock Shipping Association, at its Monday meeting, expressed every confidence that the coming year would be even better than the one just closed. It is felt that the market will be generally better, and that a higher grade of stock will be offered for sale.

## U. S. PADLOCKS FAVORED BY CLASS

St. Paul, Jan. 13.—Government padlocking of buildings where liquor has been illicitly sold has the approval of the Wheeler Bible class of the First Methodist church.

Members of the class adopted a resolution commending Judge John F. McGee, United States district court, for his stand in the matter. Judge McGee has issued 59 "padlock" orders in the last several days.

**M. E. Church Aid**  
The ladies aid of the M. E. church will meet at the church on Wednesday January 14 at 3 o'clock. The entertaining ladies are Mrs. T. H. Croswell and Mrs. Roy Croswell. Members and friends are cordially invited to attend. A supper will be served at 6:30.

**Strictly a Ford schedule is used in making our charges for repair work. You can charge it at Lively's.**

**Baptist Aid**  
The ladies aid of the First Baptist church will be entertained on Wednesday afternoon at 3 o'clock by Mrs. Angel at her home 424 South 7th street. Members please be present. Visitors will be cordially welcomed.

## DISTRICT DEPUTY TO VISIT ELKS

Past Exalted Ruler McDowell of Hibbing Lodge Guest of Honor at Thursday Meeting

### INITIATE CLASS OF TWELVE

Good Time and Luncheon Provided. Large Attendance of Members is Sought for Occasion

At the next regular session of Brainerd Lodge of Elks, No. 615, Thursday evening, January 15, a class of twelve candidates will be initiated, and the guest of honor will be the district deputy, Mel McDowell past exalted ruler of Hibbing Lodge. All Elks and any visiting brothers in the jurisdiction are asked to make a special effort to be on hand and enjoy the good time and the luncheon provided.

At the last session of the lodge, a special meeting, Captain William H. Fawcett of Breezy Point Lodge sent in his check for \$100 to assist in convention expenses. The reception of the check was greeted with applause. A number of interesting committee reports were made and the announcement also that the lodge contemplates a series of dances to further aid the convention fund.

### St. Paul's Guild

The St. Paul's Guild will be entertained by Mrs. C. L. Burnett, and Mrs. R. A. Beise at the home of the latter, 621 North 4th street, Wednesday afternoon at 2:30 o'clock. Election of officers for the coming year will be held. A good attendance is desired. Please be on time.

## SATISFIED WITH AGREEMENT MADE

### PRESIDENT COOLIDGE COMMENTS ON PARIS FINANCIAL CONFERENCE

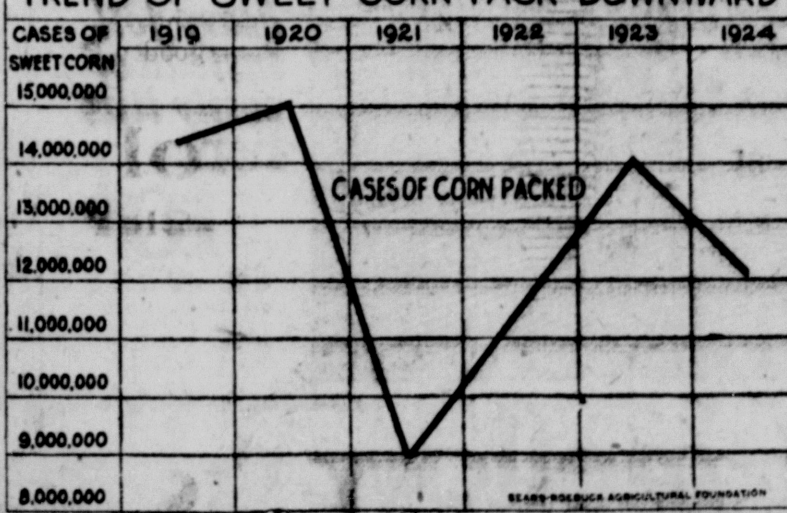

Washington, Jan. 13.—President Coolidge is satisfied with the agreement reached at the Paris financial conference, under which America will collect her German war claims from the reparations fund, it was said at the White House today.

American claims have been fully recognized in the agreement.

It was admitted, however, that American delegates did not secure their original demands in regard to method of payments. The president feels that it is not so important that the claims be paid quickly as that their justice be recognized.

Lively's Ford repair department use only genuine Ford parts, sold at Ford prices.

### TREND OF SWEET CORN PACK DOWNWARD

### MINNESOTA SWEET CORN PACK SHOWS BIG GAIN

The sweet corn pack of Minnesota for 1924 is 300,000 cases above that of last year, according to the Sears-Roebuck Agricultural Foundation. The total pack this year is 1,199,000 cases as compared to 898,000 cases the year before, while the 1922 pack was somewhat less than 600,000 cases, the Foundation states.

The sweet corn pack in this state and its opposite in the national pack for the year. Total production in 1924 was over twelve million cases as compared with the fourteen million cases of the year before. This year's production, however, is about a million cases above the pack of 1922. The violent fluctuation from year to year has been characteristic of the corn industry, so that the 15,000,000 cases which were produced in 1920 dropped the very next year to scarcely half that figure. Al-

## INCOME TAX IN A NUTSHELL

**WHO!** Single persons who had net incomes of \$1,000 or more or gross income of \$5,000 or more, and married couples who had net income of \$2,500 or more or gross income of \$5,000 or more must file returns.

**WHEN!** The filing period is from January 1 to March 15, 1925.

**WHERE!** Collector of internal revenue for the district in which the person lives or has his principal place of business.

**HOW!** Instructions on Form 1040A and Form 1040; also the law and regulations.

**WHAT!** Two per cent normal tax on the first \$4,000 of net income in excess of the personal exemptions and credits. Four per cent normal tax on the next \$4,000. Six per cent normal tax on the balance of net income. Surtax on net income in excess of \$10,000.

## FIRST NATIONAL BANK ELECTION

Stockholders Meet First And Elect Directors of Bank

GEORGE D. LABAR PRESIDENT

F. A. Farrar Vice President, B. L. Lagerquist New Cashier

The annual meeting of the First National Bank of Brainerd was held on Tuesday morning at eleven o'clock. The stockholders first met and elected the following directors:

George D. LaBar, F. A. Farrar, W. H. Cleary, Leon E. Lum and B. L. Lagerquist. Mr. Lagerquist takes the place of A. J. Hayes, resigned.

The directors then met and elected the following officers:

President—George D. LaBar.  
Vice President—F. A. Farrar.  
Cashier—B. L. Lagerquist.  
Assistant Cashiers—A. P. Drogseth, A. C. Mraz and G. C. Flaata.  
Teller—R. E. Engbretson.  
Auditor—H. R. White.

Mr. White will devote all of his time in the future to this newly created office of auditor. He has in the past taken regular periodical audits of the bank's accounts.

All of the other employees in the bank were reappointed.

Friends of Mr. Lagerquist's will be glad to learn of his promotion to the cashiership of the First National Bank. He is a Brainerd man, born and raised in this city. He entered the employ of the bank in the fall of 1902, as a messenger, and has by diligent work and careful attention, worked up through all of the departments of the institution. Mr. Lagerquist has made many friends during his association with the bank and has proven a valuable employee in each position to which he has been entrusted.

## DISTRICT COURT PROCEEDINGS

Jury in Case of Ole Anderson, Charged With Statutory Offense, Reports Verdict Guilty

JOE MESSICS IN COURT

Pleads Guilty to Liquor Charge. Then Held on 2 Charges of Bribery

In district court Tuesday morning the jury in the case of the state against Ole Anderson, charged with illegitimacy, returned a verdict of guilty as charged. C. A. Stadlbauer was foreman of the jury, which retired to its deliberations at 10:10 o'clock in the morning and returned at 1:30 o'clock in the afternoon.

The jury in this case was composed of Robert Wood, Gust Bertrum, Adolph Johnson, John Nelson, Ernest Kleinschmidt, C. H. Varner, W. G. Cameron, C. L. Stadlbauer, Clay Wheeler, C. M. Uttley, Conrad Isle and H. Turcotte.

Joe Messics was before the court on an information, was duly arraigned and entered a plea of guilty. He was sentenced to pay a fine of \$300 and 90 days in jail, with an additional 90 days in jail if the fine is not paid. Messics was charged with the manufacturing of intoxicating liquor.

He was also ordered held to await the action of the grand jury at the next term of the district court on two charges of attempted bribery, bail being fixed in the sum of \$1,000. This charge grew out of the fact that Messics sent Sheriff Fred J. Reid \$50 in an envelope, and County Attorney Walter F. Wieland a like amount in the same way. Mr. Reid opened his envelope himself and found the money, but Mr. Wieland handed his to the court who opened the envelope and found the \$50. This incident caused quite a little furor in the court room.

The jury in the case of John Sewell, charged with taking two varnish brushes from a Deerwood store, brought in a verdict finding the defendant guilty as charged. Mrs. Margaret Herbert was foreman of this jury.

Victoria Stimich, charged with the sale of intoxicating liquor, appeared before the court and asked permission to withdraw her plea of not guilty to the charge and to plead guilty. This request was granted, and the defendant was sentenced to pay a fine of \$500 and serve 6 months in the county jail, with a year in jail additional if the fine is not paid. This is the seventh time that Mrs. Stimich has been before the court on a similar charge.

Mrs. Eli Paynovich, also charged with the sale of liquor, asked to withdraw her plea of not guilty and to enter a plea of guilty, which was granted. She was fined \$500 and six months in jail, with an additional year in jail if the fine is not paid.

The case on trial Tuesday afternoon was that of Alfred A. Zawadzki against the Atlas Assurance Company of London, England. This is a civil action said to have grown out of a settlement made by the insurance company with the plaintiff in a fire loss several years ago.

The jury in the case consists of Angus Murray, Rev. P. G. Fallquist, Mrs. Lizzie Wooden, C. H. Harvey, William Hall, Glen Hite, Mrs. C. H. Mannis, Mrs. J. H. Herbert, Mrs. Lula Anderson, David Ebinger, Charles Krech and Mrs. Julia Gorton.

## NO CLUES FOUND TO BOMB BLAST

San Francisco, Jan. 13.—Efforts by detectives to pick up the trail of the person who left a bomb at the main entrance of the San Francisco hall of justice today had brought little results.

Reconstruction of the bomb revealed some points of similarity to the one which on Christmas day exploded in the hands of Atty. Ernest Torchia in Los Angeles. It was built of iron pipe and was filled with .32 caliber shells.

The bomb, which was a time affair, blew a hole in the wall of the building, scattered debris in every direction, but injured no one.

Ten minutes before, several persons had been in the corridors. A few minutes later, Chief of Police Dan O'Brien, Captain of Detectives Duncan Matheson and several detectives were to arrive.

One detective had been in the telephone booth a minute before but had discovered he was without a five-cent piece.

While he was getting change the explosion occurred and the telephone booth was wrecked.

## Interesting Prices On Sheetings and White Goods During Our January Sale of White

Our January sale of white will begin Thursday the 15th and will give our patrons a wide selection of materials at very low prices. Read our announcement tomorrow.

## Further Reductions in Coats and Dresses Will Be Announced Wednesday

A further reduction in the clearance prices of coats and dresses will be announced Wednesday. See the prices—then come.

## HOLDUP MAN ROUTED BY INTREPID WOMAN

St. Paul, Jan. 13.—Miss May Sweeney, 32, is not afraid of bandits.

When one pointed a revolver at her at Carroll Ave. and Mackubin St. last night and ordered her and her 7-year-old niece, Katherine Sweeney, to keep quiet, she didn't agree with him at all.

She hit him over the head with her purse, grabbed the revolver and called for help. The bandit fled—recapturing his revolver before he ran.

# FARMERS HAVE A SUCCESSFUL YEAR

Brainerd Livestock Shipping Association Closes One of Best Years in History

291 SHIPPERS IN BODY

Majority of These Members Well Satisfied With Returns Received

The Brainerd Livestock Shipping Association has just closed the most successful year in its history, as shown by the report submitted at the annual meeting of this organization held Monday afternoon in the farmers room in the court house.

There were 291 shippers in the association in 1924, and the majority of these members are well satisfied with the returns they received on their shipments. There were a few complaints, but this slight dissatisfaction was mainly from those who did not understand the market conditions, it is thought. The manager wished to take the members to St. Paul on one of the shipping trips, so that all might get a better idea of how their business in handled, but only three of four responded to this invitation. The large majority of the rest of the members were satisfied with results achieved without going to the market.

The secretary-treasurer reported \$442 in the sinking fund. The 1923 shippers will receive \$189 of this amount, prorated back to them. A portion of the remainder, to be decided upon later, will be prorated back to the 1924 shippers.

At the annual election, all of the former officers were re-elected, as follows:

President—Lawrence McCullough.  
Vice President—James Coffel.  
Secretary-treasurer—Harold B. Olson.

August Erickson resigned from the board of directors, and Harold B. Olson was elected in his place. The board now consists of P. B. Anderson, Paul Henningson, Frank Peabody, Wallace Smart, John James, George M. McKay, and Harold B. Olson, in addition to the president and vice president.

The annual report of A. Hagberg, manager of the association, shows that \$44,437.42 were the gross receipts on stock shipped during the past year. There was a total of 46 carloads shipped, being divided as follows: Cattle, 1,039 head; calves, 337 head; hogs, 781 head and sheep, 393 head.

The disbursements included \$4,295.60 St. Paul expense, \$1,383 local expense, including the manager's commission, and \$656.20 paid out for holdovers and condemned stock, leaving a balance to the shippers of \$38,102.53. Stock sold in the Brainerd yard totaled \$190.77.

Mr. Hagberg, in his report, recommended that \$100 be left in the sinking fund, and that the balance be returned to the shippers.

The Brainerd Live-stock Shipping Association, at its Monday meeting, expressed every confidence that the coming year would be even better than the one just closed. It is felt that the market will be generally better, and that a higher grade of stock will be offered for sale.

## U. S. PADLOCKS FAVORED BY CLASS

St. Paul, Jan. 13.—Government padlocking of buildings where liquor has been illicitly sold has the approval of the Wheeler Bible class of the First Methodist church.

Members of the class adopted a resolution commending Judge John F. McGee, United States district court, for his stand in the matter. Judge McGee has issued 59 "padlock" orders in the last several days.

### M. E. Church Aid

The ladies aid of the M. E. church will meet at the church on Wednesday January 14 at 3 o'clock. The entertaining ladies are Mrs. T. H. Crosswell and Mrs. Roy Crosswell. Members and friends are cordially invited to attend. A supper will be served at 6:30.

Strictly a Ford schedule is used in making our charges for repair work. You can charge it at Lively's.

### Baptist Aid

The ladies aid of the First Baptist church will be entertained on Wednesday afternoon at 3 o'clock by Mrs. Angel at her home 424 South 7th street. Members please be present. Visitors will be cordially welcomed.

## DISTRICT DEPUTY TO VISIT ELKS

Past Exalted Ruler McDowell of Hibbing Lodge Guest of Honor at Thursday Meeting

### INITIATE CLASS OF TWELVE

Good Time and Luncheon Provided. Large Attendance of Members is Sought for Occasion

At the next regular session of Brainerd Lodge of Elks, No. 615, Thursday evening, January 15, a class of twelve candidates will be initiated, and the guest of honor will be the district deputy, Mel McDowell past exalted ruler of Hibbing Lodge.

All Elks and any visiting brothers in the jurisdiction are asked to make a special effort to be on hand and enjoy the good time and the luncheon provided.

At the last session of the lodge, a special meeting, Captain William H. Fawcett of Breezy Point Lodge sent in his check for \$100 to assist in convention expenses. The reception of the check was greeted with applause. A number of interesting committee reports were made and the announcement also that the lodge contemplates a series of dances to further aid the convention fund.

### St. Paul's Guild

The St. Paul's Guild will be entertained by Mrs. C. L. Burnett, and Mrs. R. A. Beise at the home of the latter, 621 North 4th street, Wednesday afternoon at 2:30 o'clock. Election of officers for the coming year will be held. A good attendance is desired. Please be on time.

## SATISFIED WITH AGREEMENT MADE

### PRESIDENT COOLIDGE COMMENTS ON PARIS FINANCIAL CONFERENCE

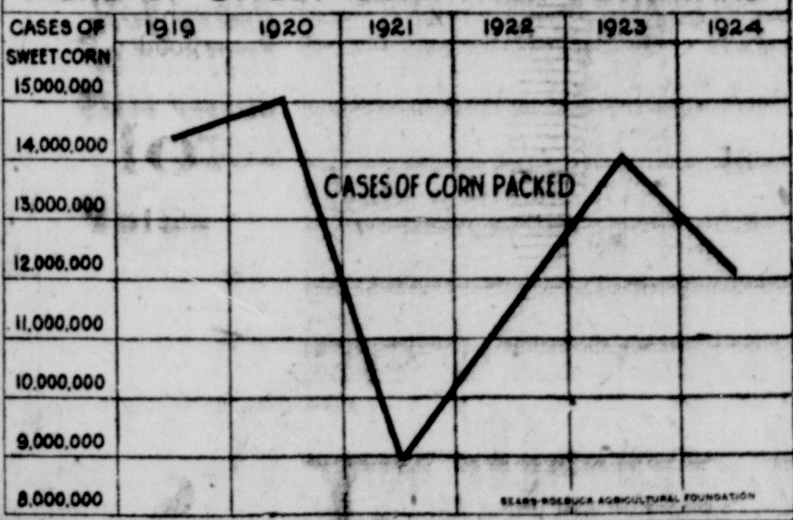

Washington, Jan. 13.—President Coolidge is satisfied with the agreement reached at the Paris financial conference, under which America will collect her German war claims from the reparations fund, it was said at the White House today.

American claims have been fully recognized in the agreement.

It was admitted, however, that American delegates did not secure their original demands in regard to method of payments. The president feels that it is not so important that the claims be paid quickly as that their justice be recognized.

Lively's Ford repair department use only genuine Ford parts, sold at Ford prices.

### TREND OF SWEET CORN PACK DOWNWARD

### MINNESOTA SWEET CORN PACK SHOWS BIG GAIN

The sweet corn pack of Minnesota for 1924 is 300,000 cases above that of last year, according to the Sears-Roebuck Agricultural Foundation. The total pack this year is 1,199,000 cases as compared to 898,000 cases the year before, while the 1922 pack was somewhat less than 600,000 cases, the Foundation states.

The sweet corn pack in this state and its opposite in the national pack for the year. Total production in 1924 was over twelve million cases as compared with the fourteen million cases of the year before. This year's production, however, is about a million cases above the pack of 1922. The violent fluctuation from year to year has been characteristic of the corn industry, so that the 15,000,000 cases which were produced in 1920 dropped the very next year to scarcely half that figure. Although 14 million cases were produced as far back as 1911, two years later found that production cut into two, with the result that steady prices would be impossible but for common practice of carrying heavy stocks over from one season to the next.

The fluctuation in production is not only shown in the country as a whole but individual states fluctuate sharply in opposite directions the same year, the figures compiled by the Foundation show. Ohio canned only about half as much corn this year as last, while Maine increased her output about one-third. Maine, New York and Minnesota were the only states to show material increase this year. Iowa, Illinois and Maryland dropping off 20 to 25 per cent each while still dividing honors fairly evenly for leading place.

## INCOME TAX IN A NUTSHELL

**WHO?** Single persons who had net incomes of \$1,000 or more or gross income of \$5,000 or more, and married couples who had net income of \$2,500 or more or gross income of \$5,000 or more must file returns.

**WHEN?** The filing period is from January 1 to March 15, 1925.

**WHERE?** Collector of internal revenue for the district in which the person lives or has his principal place of business.

**HOW?** Instructions on Form 1040A and Form 1040; also the law and regulations.

**WHAT?** Two per cent normal tax on the first \$4,000 of net income in excess of the personal exemptions and credits. Four per cent normal tax on the next \$4,000. Six per cent normal tax on the balance of net income. Surtax on net income in excess of \$10,000.

## FIRST NATIONAL BANK ELECTION

Stockholders Meet First And Elect Directors of Bank:

**GEORGE D. LABAR, PRESIDENT**  
**F. A. FARRAR, Vice President, B. L. Lagerquist, New Cashier**

The annual meeting of the First National Bank of Brainerd was held on Tuesday morning at eleven o'clock. The stockholders first met and elected the following directors:

George D. LaBar, F. A. Farrar, W. H. Cleary, Leon E. Lum and B. L. Lagerquist. Mr. Lagerquist takes the place of A. J. Hayes, resigned.

The directors then met and elected the following officers:

President—George D. LaBar.  
Vice President—F. A. Farrar.  
Cashier—B. L. Lagerquist.  
Assistant Cashiers—A. P. Drogaeth, A. C. Mraz and G. C. Flaata.  
Teller—R. E. Engbretson.  
Auditor—H. R. White.

Mr. White will devote all of his time in the future to this newly created office of auditor. He has in the past taken regular periodical audits of the bank's accounts.

All of the other employees in the bank were reappointed.

Friends of Mr. Lagerquist's will be glad to learn of his promotion to the cashiership of the First National Bank. He is a Brainerd man, born and raised in this city. He entered the employ of the bank in the fall of 1902, as a messenger, and has by diligent work and careful attention, worked up through all of the departments of the institution. Mr. Lagerquist has made many friends during his association with the bank and has proven a valuable employee in each position to which he has been entrusted.

## DISTRICT COURT PROCEEDINGS

Jury in Case of Ole Anderson, Charged With Statutory Offense, Reports Verdict Guilty

### JOE MESSICS IN COURT

Pleads Guilty to Liquor Charge. Then Held on 2 Charges of Bribery

In district court Tuesday morning the jury in the case of the state against Ole Anderson, charged with illegitimacy, returned a verdict of guilty as charged. C. A. Stadlbauer was foreman of the jury, which retired to its deliberations at 10:10 o'clock in the morning and returned at 1:30 o'clock in the afternoon.

The jury in this case was composed of Robert Wood, Gust Bertrum, Adolph Johnson, John Nelson, Ernest Kleinschmidt, C. H. Varner, W. G. Cameron, C. L. Stadlbauer, Clay Wheeler, C. M. Uttley, Conrad Isak and H. Turcotte.

Joe Messics was before the court on an information, was duly arraigned and entered a plea of guilty. He was sentenced to pay a fine of \$300 and 90 days in jail, with an additional 90 days in jail if the fine is not paid. Messics was charged with the manufacturing of intoxicating liquor.

He was also ordered held to await the action of the grand jury at the next term of the district court on two charges of attempted bribery, bail being fixed in the sum of \$1,000. This charge grew out of the fact that Messics sent Sheriff Fred J. Reid \$50 in an envelope, and County Attorney Walter F. Wieland a like amount in the same way. Mr. Reid opened his envelope himself and found the money, but Mr. Wieland handed his to the court who opened the envelope and found the \$50. This incident caused quite a little furore in the court room.

The jury in the case of John Seewell, charged with taking two varnish brushes from a Deerwood store, brought in a verdict finding the defendant guilty as charged. Mrs. Margaret Herbert was foreman of this jury.

Victoria Stimich, charged with the sale of intoxicating liquor, appeared before the court and asked permission to withdraw her plea of not guilty to the charge and to plead guilty. This request was granted, and the defendant was sentenced to pay a fine of \$500 and serve 6 months in the county jail, with a year in jail additional if the fine is not paid. This is the seventh time that Mrs. Stimich has been before the court on a similar charge.

Mrs. Eli Paynovich, also charged with the sale of liquor, asked to withdraw her plea of not guilty and to enter a plea of guilty, which was granted. She was fined \$500 and six months in jail, with an additional year in jail if the fine is not paid.

The case on trial Tuesday afternoon was that of Alfred A. Zawadzki against the Atlas Assurance Company of London, England. This is a civil action said to have grown out of a settlement made by the insurance company with the plaintiff in a fire loss several years ago.

The jury in the case consists of Angus Murray, Rev. P. G. Fallquist, Mrs. Lizzie Wooden, C. H. Harvey, William Hall, Glen Hite, Mrs. C. H. Mannis, Mrs. J. H. Herbert, Mrs. Lula Anderson, David Ebinger, Charles Kreech and Mrs. Julia Gorton.

## TO MAKE SOCCER MAJOR SPORT IN U.S.

By FRANK GETTY  
(United Press Staff Correspondent)

New York, Jan. 13.—Soccer football, which has struggled 40 years for adequate recognition in the United States, bids fair to have a banner season in 1925.

The United States Football Association, which controls the game in this country, considers that 1924 was the best year yet and is making plans for still better things this season.

The British Isles give soccer a much more prominent place than it enjoys here. "Ties," as they call their matches, for the Football Cup—emblematic of the supremacy of England—draw crowds of 100,000 on Saturdays. In Ireland, Scotland and Wales, the game enjoys unbounded popularity.

South America has taken up the business of soccer seriously, and a Uruguayan team holds the world's championship by virtue of its victory at the 1924 Olympics. Soccer is popular on the Continent, also, and has found favor among the new nations created since the World War.

The Olympic Games brought together more nations in this branch of sport than in any other.

The game is on a much more closely knit basis in England than elsewhere. There they have two professional leagues, a First League and a Second League, which play matches in round-robin fashion similar to our professional baseball teams. At the end of the season, the two leading teams in the Second League move up to the first, while the two tail-enders in the First League are relegated to the "minors." This system keeps competition keen at both ends of the ladder. There is also a bracketed competition for the Football Cup in which League teams are entered.

In the United States, such competition on a national scale is obviously out of the question. But there seems every reason to believe that with colleges and schools adopting soccer, some as a major sport, the game will receive increasing recognition.

Barbara La Marr and Lionel Barrymore in "The Eternal City"

### "The Eternal City" Glorious Drama

On view this week at the New Park tonight, Wednesday and Thursday, is a photoplay which comes nearer to perfection in entertainment than any of the many pictures we have ever seen. In fact, its appeal is so great that we find it difficult to restrain our enthusiasm in writing this review.

The picture is "The Eternal City," and its points of excellence are so numerous that it would take triple the space at our disposal to mention them. Story, cast, direction, settings and acting—all are practically flawless. This First National picture, which was produced by George Fitzmaurice in Rome, is based on Hall Caine's famous story, and it is enacted by a cast which boasts of such well-known names as Barbara La Marr, Bert Lytell, Lionel Barrymore, Montagu Love and Richard Bennett.

The plot is poignant and dramatic, centering about the love affair of

Donna Roma and David Rossi, the parts taken by Miss La Marr and Mr. Lytell. Childhood lovers, they are separated at the beginning of the war, when David answers the call of the colors and goes to the front. Word reaches her that his entire regiment is wiped out, and, to stifle her great grief, she accepts the offer of a designing millionaire to establish her in a studio in Rome.

But David has not been killed. Their meeting several years later, is one of the most gripping episodes ever conceived in the mind of an author.

### Four Big Vaudeville Acts and Picture at New Park Friday

On Friday, matinee and night, the New Park will present four big vaudeville acts and "Notoriety," a feature picture, with Rod LaRocque and Mary Alden, at popular prices. Come early for seats.

Scene from "THE WHISPERED NAME" A UNIVERSAL ACT

Taken from the famous stage success, "The Co-respondent," by Rita Weiman, and Alice Leal Pollack, this sensational story of blackmail is to be shown at the Lyceum tonight and Wednesday.

"Mrs. Paramor," Louis Joseph Vance's Popular Novel, Coming to Lyceum. Local theatre-goers are going to have the opportunity of seeing something new in house furnishings when they view "Married Flirts," a screen version of Louis Joseph Vance's famous novel, coming to the Lyceum Theatre next Sunday.

The sets are all modern, delightfully done and artistically decorated. Charles Cadwallader, art director, outlined all of them, from the simple home drawing room scene of the

Pendleton Waynes in New York to the elaborate hotel apartment in Paris of Mrs. Paramor. Also the interesting sets at the Tanglewood Country Club on Long Island with its latest feature, a mah jongg room. The delightfully intimate boudoir of Mrs. Callender and the one of Jill Wetherell. The bachelor apartment of Perley Rex, the "richest and most popular bachelor in town"—all have their distinct personality and seem to breathe the atmosphere of their occupant.

## CUBS, PIRATES, CINCY REDS ARE FIGURED STRONG

McGRAW'S CREW HAS MANY HUSKY YOUNG PLAYERS

MANY NEW STARS THIS YEAR, SAYS FAR-RELL

By HENRY L. FARRELL.  
New York, Jan. 13.—Business in the major leagues ought to be helped this year by the publication of testimony taken in the Dolan-O'Connell scandal, in opinion of smart baseball men.

The testimony failed to show the exercise of a master mind, or a gambling ring in the plot.

"With the fans taken completely into confidence of baseball heads and with the prospect for another fine pennant race this year, I believe that baseball will have another big year," John A. Heydler, president of the National league, said today.

Heydler believes that four teams—New York, Chicago, Pittsburgh and Cincinnati—will be in the race for the pennant from start to finish.

"The Giants," he said, "have been rebuilt into practically a new team. Terry, Frisch, Jackson and Lindstrom are the makings of one of the youngest infelds that ever played in the league and Wilson is a most promising young outfielder.

"The Pirates and Cubs were both improved by the trade between them and the Reds have a formidable team that didn't live up to expectations last year because of bad luck and in-

juries." Heydler believes that among the young players coming up this year, some stars as good as those developed last season, will be discovered. Bell, of the St. Louis Cardinals; Driesen, of the Cincinnati Reds, and Welch of the Boston Braves are among the most promising, he said.

Energiee is true gasoline, not doped. Next in grade to the highest test aviation gasoline. 125tf

## WILLMAR HIGH TEAMS IN LOPSIDED WINS

Willmar, Minn., Jan. 13.—The Willmar high school basketball team defeated the Atwater high school five by a score of 50 to 7. Hahn did not make a single basket in the first half, but scored 11 goals in the second half. Otterness made four baskets, but played only one quarter. Kragenburg played the best for the losers. In a preliminary game the Willmar girls trimmed the Atwater girls 37 to 0. Lorraine Ackerman and Gladys Benson were the leading players for the Willmar girls.

## McLean Will Rest

St. Paul, Jan. 13.—Stewart McLean, St. Paul feather, will leave this week for California, where he has a number of matches booked. McLean has been idle since October, when he hurt his hand at Milwaukee when he stopped Azzarella in three rounds.

## Golf Pro Sets Record

Miami, Fla., Jan. 13.—Abe Mitchell, famous British pro now touring the south with George Duncan, also of England, recently set a new record for the Hialeah course at Miami, Fla., by playing it in 68.

## ST. PAUL SKATERS ENTERTAIN ICE FANS AT MANKATO

St. Paul, Jan. 13.—St. Paul skaters, both in fancy skating, speed skating and in a hockey game, entertained ice enthusiasts at Mankato.

A group of 28 invaded the southern Minnesota city and staged a program which created great enthusiasm.

The fancy skaters included Ann Munkholm, Lillian Goswitz, Norris Wold, Dr. Joe Goswitz, Ed Shipstad, Henry Shipstad, Oscar Johnson.

Miss Olga Munkholm, Dr. Hutchinson, A. Du Poy and F. Hufka comprised the speeders.

The St. Paul Gas & Electric Co. hockey team played the West Publishing Co.

A. C. Bennet was in charge of the group.

Trips are at present booked to Duluth, Rochester, Northfield and several other journeys are also likely to be carded. It is hoped that the hockey games and the speed and fancy skating will awaken enthusiasm in the ice game throughout the state.

Energiee Gasoline may be secured at Energiee Station, Stein's Filling Station, Brandt Bros., Service Motor and Lively Auto Co. 125tf

## McLean Sets Record

Milwaukee, Jan. 13.—Bobby McLean, professional ice skater, set an unofficial world's record for the quarter mile here when he negotiated the distance in 32 seconds flat.

The American airship ZR-3 is now known as the "Los Angeles." It is not stated after which firm press agent the big gasbag has been named.—Punch.

## RED PEPPER FOR RHEUMATIC PAIN

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.—Adv.

Packed in heavy foil instead of costly tins hence 10¢

Its coolness and mellow "body" are a revelation to pipe smokers

Back about 1870, James N. Wellman developed a secret tobacco process which won instant and widespread favor. It yielded a fuller-bodied richness, mildness and fragrance which just seemed to "go" with a pipe. No one else ever knew his secret until we acquired "Wellman's Method" and by its means made "Granger Rough Cut"

## TO MAKE SOCCER MAJOR SPORT IN U.S.

By FRANK GETTY  
(United Press Staff Correspondent)

New York, Jan. 13.—Soccer football, which has struggled 40 years for adequate recognition in the United States, bids fair to have a banner season in 1925.

The United States Football Association, which controls the game in this country, considers that 1924 was the best year yet and is making plans for still better things this season.

The British Isles give soccer a much more prominent place than it enjoys here. "Ties," as they call their matches, for the Football Cup—emblematic of the supremacy of England—draw crowds of 100,000 on Saturdays. In Ireland, Scotland and Wales, the game enjoys unbounded popularity.

South America has taken up the business of soccer seriously, and a Uruguayan team holds the world's championship by virtue of its victory at the 1924 Olympics. Soccer is popular on the Continent, also, and has found favor among the new nations created since the World War.

The Olympic Games brought together more nations in this branch of sport than in any other.

The game is on a much more closely knit basis in England than elsewhere. There they have two professional leagues, a First League and a Second League, which play matches in round-robin fashion similar to our professional baseball teams. At the end of the season, the two leading teams in the Second League move up to the first, while the two tail-enders in the First League are relegated to the "minors." This system keeps competition keen at both ends of the ladder. There is also a bracketed competition for the Football Cup in which League teams are entered.

In the United States, such competition on a national scale is obviously out of the question. But there seems every reason to believe that with colleges and schools adopting soccer, some as a major sport, the game will receive increasing recognition.

Barbara La Marr and Lionel Barrymore in "The Eternal City"

"The Eternal City" Glorious Drama  
On view this week at the New Park tonight, Wednesday and Thursday, is a photoplay which comes nearer to perfection in entertainment than any of the many pictures we have ever seen. In fact, its appeal is so great that we find it difficult to restrain our enthusiasm in writing this review.

The picture is "The Eternal City," and its points of excellence are so numerous that it would take triple the space at our disposal to mention them. Story, cast, direction, settings and acting—all are practically flawless. This First National picture, which was produced by George Fitzmaurice in Rome, is based on Hall Caine's famous story, and it is enacted by a cast which boasts of such well-known names as Barbara La Marr, Bert Lytell, Lionel Barrymore, Montagu Love and Richard Bennett.

The plot is poignant and dramatic, centering about the love affair of

Donna Roma and David Rossi, the parts taken by Miss La Marr and Mr. Lytell. Childhood lovers, they are separated at the beginning of the war, when David answers the call of the colors and goes to the front. Word reaches her that his entire regiment is wiped out, and, to stifle her great grief, she accepts the offer of a designing millionaire to establish her in a studio in Rome.

But David has not been killed. Their meeting several years later, is one of the most gripping episodes ever conceived in the mind of an author.

Four Big Vaudeville Acts and Picture at New Park Friday

On Friday, matinee and night, the New Park will present four big vaudeville acts and "Notoriety," a feature picture, with Rod LaRocque and Mary Alden, at popular prices. Come early for seats.

Scene from "THE WHISPERED NAME" A UNIVERSAL PICTURE

Taken from the famous stage success, "The Co-respondent," by Rita Weiman, and Alice Leal Pollack, this sensational story of blackmail is to be shown at the Lyceum tonight and Wednesday.

"Mrs. Paramor," Louis Joseph Vance's Popular Novel, Coming to Lyceum  
Local theatre-goers are going to have the opportunity of seeing something new in house furnishings when they view "Married Flirts," a screen version of Louis Joseph Vance's famous novel, coming to the Lyceum Theatre next Sunday.

The sets are all modern, delightfully done and artistically decorated. Charles Cadwallader, art director, outlined all of them, from the simple home drawing room scene of the

Pendleton Waynes in New York to the elaborate hotel apartment in Paris of Mrs. Paramor. Also the interesting sets at the Tanglewood Country Club on Long Island with its latest feature, a mah jong room. The delightfully intimate boudoir of Mrs. Callender and the one of Jill Wetherell. The bachelor apartment of Perley Rex, the "richest and most popular bachelor in town"—all have their distinct personality and seem to breathe the atmosphere of their occupant.

## CUBS, PIRATES, CINCY REDS ARE FIGURED STRONG

McGraw's Crew Has Many Husky Young Players

Many New Stars This Year, Says Farrell

By HENRY L. FARRELL  
New York, Jan. 13.—Business in the major leagues ought to be helped this year by the publication of testimony taken in the Dolan-O'Connell scandal, in opinion of smart baseball men.

The testimony failed to show the exercise of a master mind, or a gambling ring in the plot.

"With the fans taken completely into confidence of baseball heads and with the prospect for another fine pennant race this year, I believe that baseball will have another big year," John A. Heydler, president of the National League, said today.

Heydler believes that four teams—New York, Chicago, Pittsburgh and Cincinnati—will be in the race for the pennant from start to finish.

"The Giants," he said, "have been rebuilt into practically a new team. Terry, Frisch, Jackson and Lindstrom are the makings of one of the youngest infields that ever played in the league and Wilson is a most promising young outfielder.

"The Pirates and Cubs were both improved by the trade between them and the Reds have a formidable team that didn't live up to expectations last year because of bad luck and in-

juries." Heydler believes that among the young players coming up this year, some stars as good as those developed last season, will be discovered. Bell, of the St. Louis Cardinals; Dessen, of the Cincinnati Reds, and Welch of the Boston Braves are among the most promising, he said.

Energie is true gasoline, not doped. Next in grade to the highest test aviation gasoline.

## WILLMAR HIGH TEAMS IN LOPSIDED WINS

Willmar, Minn., Jan. 13.—The Willmar high school basketball team defeated the Atwater high school five by a score of 50 to 7. Hahn did not make a single basket in the first half, but scored 11 goals in the second half. Otterness made four baskets, but played only one quarter. Kragenburg played the best for the losers. In a preliminary game the Willmar girls trimmed the Atwater girls 37 to 0. Lorraine Ackerman and Gladys Benson were the leading players for the Willmar girls.

## McLean Will Rest

St. Paul, Jan. 13.—Stewart McLean, St. Paul feather, will leave this week for California, where he has a number of matches booked. McLean has been idle since October, when he hurt his hand at Milwaukee when he stopped Azzarella in three rounds.

## Golf Pro Sets Record

Miami, Fla., Jan. 13.—Abe Mitchell, famous British pro now touring the south with George Duncan, also of England, recently set a new record for the Hialeah course at Miami, Fla., by playing it in 68.

## ST. PAUL SKATERS ENTERTAIN ICE FANS AT MANKATO

St. Paul, Jan. 13.—St. Paul skaters, both in fancy skating, speed skating and in a hockey game, entertained ice enthusiasts at Mankato.

A group of 28 invaded the southern Minnesota city and staged a program which created great enthusiasm.

The fancy skaters included Ann Munkholm, Lillian Goswitz, Norris Wold, Dr. Joe Goswitz, Ed Shipstad, Henry Shipstad, Oscar Johnson. Miss Olga Munkholm, Dr. Hutchinson, A. Du Poy and F. Hufka comprised the speeders.

The St. Paul Gas & Electric Co. hockey team played the West Publishing Co.

A. C. Bennet was in charge of the group.

Trips are at present booked to Duluth, Rochester, Northfield and several other journeys are also likely to be carded. It is hoped that the hockey games and the speed and fancy skating will awaken enthusiasm in the ice game throughout the state.

Energie Gasoline may be secured at Energie Station, Stein's Filling Station, Brandt Bros., Service Motor and Lively Auto Co.

## McLean Sets Record

Milwaukee, Jan. 13.—Bobby McLean, professional ice skater, set an unofficial world's record for the quarter mile here when he negotiated the distance in 32 seconds flat.

The American airship ZR-3 is now known as the "Los Angeles." It is not stated after which film press agent the big gasbag has been named.—Punch.
